About Future Health Concepts, inc.

Future Health Concepts, Inc. concentrates in manufacturing the highest quality healthcare equipment available. Utilizing state of the art equipment such as a 3D CAD solid modeling system, a fully automated punch press line and highly skilled craftsman make it possible to produce equipment unparalleled in the marketplace.

Products include Blanket and Fluid Warming Cabinets, Surgical Scrub Sinks, Surgical Tables, Transport and Eye Stretchers, Stainless Steel Instrument and Back Tables, Case Carts, Stainless Steel Storage Cabinets, Nurses Documentation Stations, Sterile Process Sinks, Tables and extends to a full line of custom stainless products. Our customers' needs are our first priority.

Table of Contents

Surgical Tables	2-4
Imaging Tables	5-6
Patient Monitors	7
Defibrillators	8
Blanket & Fluid Warming Cabinets	9-13
Surgical Scrub Sinks	14-18
Processing Sinks	19-20
Stretchers	21-23
Surgical Lights	24
Medical Carts	25-27
Tables (Instrument Tables, Back Tables, Prep Stands/Utility Tables, Sterile Process Tables and Work Tables)	28-29
Case Carts	30-31
Stainless Steel Cabinetry	32-34
Mayo Stands	35
Ring Stands	36
IV Stands	37-38
Linen Hampers	39-40
Kick Buckets & Patient Positioners	41
Pressure Management Pads	42
Surgical Table Accessories	43-51
Footstools, Flowmeters & Regulators	52
Tabletop Sterilizers	53
Refurbished Sterilizers	54-55
Washers and Steam Generators	56

Surgical Tables

Our FHC1000 Series offers an innovative, compact design while maintaining enough clinical versatility to accommodate surgical procedures in nearly all fields, including urology, neurology, orthopedics and cardiology.

1000lb Weight Capacity

Lithotomy

Lumbar

Neurosurgery

Electrical Specifications

Power Requirements:
 AC 110V/5A, 300W, 50/60Hz or
 AC 220/3A, 300W, 50/60Hz; single phase

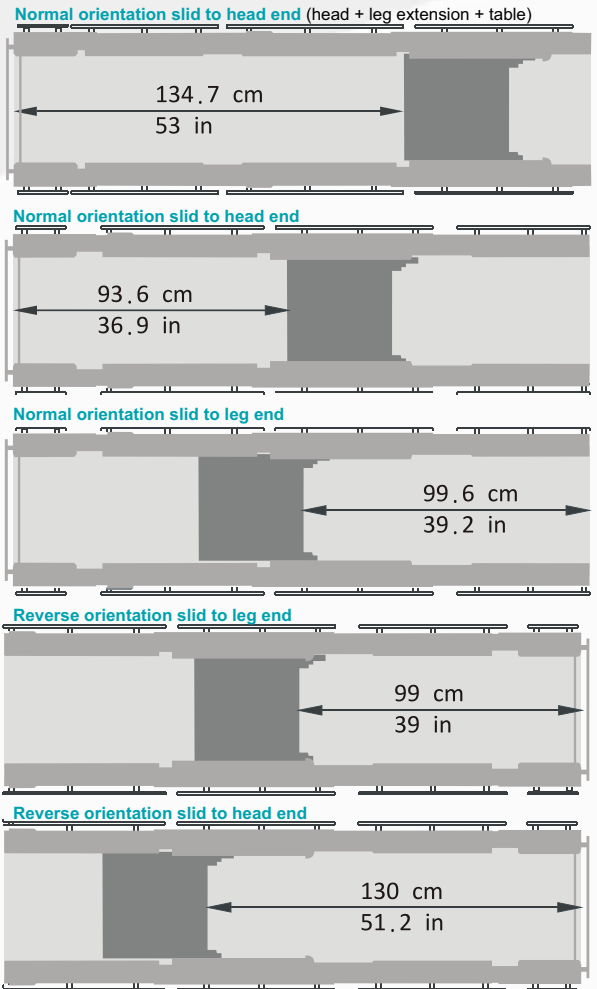

Current Leakage: <100 microamps
 Power Cord: 15 feet

C-Arm Imaging for Every Part of the Body

The intelligent design of the table provides benefits such as remarkable C-arm access, self diagnosis with instant error code display and the prevention of sectional conflict.

Model FHC1000S

Model FHC1000

In addition to the durable, rust-free components, the FHC1000 also incorporates several fail-safe functions to ensure its continuous operation.

Override System

The override control system allows operation of basic functions should the hand pendant become inoperative.

Range of Table Movements

The FHC1000 Series has exceptional positioning capabilities. Designed to simplify patient positioning, the table also features a notably sturdy and low-profile base, ensuring surgeon comfort and therefore reducing fatigue during long procedures.

Hand Pendant

The ergonomic hand pendant's backlit display illuminates the buttons, an essential feature for endoscopic surgery. The intelligent patient orientation function automatically interprets positioning commands according to the selected orientation. Functions such as LOCK, UNLOCK, LEVEL, FLEX, and REFLEX help quick and safe positioning. Most of the possible sectional conflicts are paused by the control system; also the user is informed by the INTERLOCK LED and a warning sound.

Foot Pump

A second source of hydraulic power. (optional)

Self Diagnosis Instant Error Code Display

A battery level indicator on the base panel displays the service code when the Service LED on the hand pendant is lit.

Built-in X-ray Cassette Channels

Having 14" wide X-ray cassettes channels beneath the entire table length eliminates the need for X-ray tabletops, thus making tabletop articulations possible and increasing patient safety.

Imaging Tables

X-Ray Imaging Tables, Vascular Imaging Tables & Urological Imaging Tables.

Carbon Fiber X-ray Imaging Table Features:

- Diving board style for easy C-arm access
- Large patient capacity- 500 pound load
- 2" patient high quality comfort pad
- Facial Cut-out for prone procedures
- Light weight- easy to physically move the table
- 24" top eliminates need for arm boards
- Simple to use top quality wheel locks
- Easy patient transfer to table
- 120v
- Three year parts and labor warranty

Product Specifications:

FHC Streamline SUSL-1

High-low 28" to 38"

FHC Streamline SUSL-2

High-low 28" to 38", and lateral tilt +/- 17 degrees

FHC Streamline SUSL-3

High-low 28" to 38", lateral tilt +/- 17 degrees, and trendelenburg +/- 20 degrees

FHC Streamline SUSL-4

High-low 28" to 38", lateral tilt +/- 17 degrees, and trendelenburg +/- 20 degrees, and longitudinal slide of 10" head to foot (plus or minus 5")

FHC Streamline SUSL-5

High-low 28" to 38", lateral tilt +/- 17 degrees, and trendelenburg +/- 20 degrees, longitudinal slide of 10" head to foot (plus or minus 5"), and lateral side to side 10" (plus or minus 5")

Vascular Imaging X-Ray Table Features:

- Table top automatically stops at level
- Diving board style for easy C-arm access
- Large patient capacity 500lb load
- 2" patient high quality comfort pad
- Facial cut out access
- Light weight; easy to physically move table
- 24" wide top eliminates the needs for arm boards
- Easy patient transfer to table
- Low height for patient boarding
- Any OR accessory can be rigidly attached to the table top
- Three year parts and labor warranty

Product Specifications:

SUV-MAX

- Height 28" - 38"
- Lateral float 14"
- Longitudinal float 36"

SUV-MAX-T

- Height 30" - 40"
- Lateral float 14"
- Longitudinal float 36"
- Trendelenburg +/- 20 degrees

Urological Imaging X-Ray Table Features:

- Remove and install leg extension while fluid catcher in place
- Light weight – easy to physically move the table
- 24" wide top eliminates the need for arm boards
- Leg extension easy to remove & light weight
- Easy patient transfer to table
- Diving board style for easy C-arm access
- Low height for patient boarding
- Large patient capacity 500lb load
- Any OR accessory can be rigidly attached to the table top
- 2" patient high quality comfort pad
- Three year parts and labor warranty

Patient Monitors

FHC offers a full line of vital sign and anesthesia monitoring.

Planet 55

Planet 55 Color Patient Monitor Features:

- 4 channel monitor with 8.4" high resolution TFT display
- Adult, Pediatric & Neonatal modes
- User selectable Display formats & Waveform Color
- Optional Microstream Capnography
- 72 hrs/200 patients Tabular & Graphical trend
- Multiple communication options (USB, PC dump)
- Go-to key for quick access to functions
- Integrated dual channel thermal array recorder
- Optional- CO₂

Star 55

Star 55 Color Patient Monitor Features:

- 8 channel monitor with 12.1" high resolution TFT display
- Adult, Pediatric & Neonatal applications
- User selectable Display formats & Waveform Color
- 72 hrs Tabular & Graphical trend
- Multiple communication options (USB, PC dump)
- Go-to & Home key for quick access to functions
- Interface with Skyline 55's new central monitoring system
- Anesthesia Gas Monitoring (Optional)
- Optional- CO₂

**Star 55 w/AGM
Module**

Star 55 w/ AGM Module Features:

- Measurement of Anesthesia Gases (CO₂, N₂O, O₂)
- Measurement of Anesthetic Agents (Halothane, Isoflurane, Enflurane, Sevoflurane & Desflurane)
- Measurement of Respiration Rate and MAC (Mean Alveolar Concentration)
- User-selectable options for flow rate & apnea alarm delay.

Defibrillators

ZOMBP

Zoll M Series Biphasic Defibrillator w/ Pacing

GENERAL

Size: 6.8"(17.3 cm) H x 10.3"(26.2 cm) W x 8.2"(20.8 cm) D

Weight: 11.5 lbs (5.23 kg) with Multi-Function Cable and battery; 13.5 lbs (6.14 kg) with paddles

Design Standards: Meets or Exceeds UL Standards

ECG MONITORING

Patient Connection: 3, 5 or 12 -lead ECG cable, paddles or MFE Pads.

Bandwidth: 0.5-40 Hz (-3 dB) or 0.5-30 Hz; 0.05-150Hz diagnostic

ECG Size: 0.5, 1, 1.5, 2, 3 cm/ mV – display on monitor

Heart Rate: Digital display 0-3000 bpm \pm 5%

DISPLAY

Screen Type: High-resolution display

Screen Size: 5.6"(14.2cm) diagonally

Sweep Speed: 25mm/ sec

Viewing Time: 4 seconds

Channels: 2

DEFIBRILLATOR

Waveform: Damped Sinusoid or Zoll Rectilinear Biphasic

Energy Selection: Selectable 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 15, 20, 30, 50, 75, 100, 150, 200, 300, 360 joules. (Delivered into 50 Ω load.)

Charge Time: Less than 7 seconds with new fully charged battery

Paddles: External anterior/ anterior adult and pediatric

ZOMCCTBPSNI

Zoll M Series Bi-Phasic Defibrillator w/ SP02, NIBP, IBP Advisory AED

ZOLL XL Battery for long transport times

Transport-ready design

Easy-to-read display

Full range of parameters for a full range of patients

Flexible color display

Quick, easy connections

Ready to gather and share critical data

ZOAED-PLUS

Zoll Defibrillator : AED Plus

Lightweight 6.7lbs

Easily identifiable green exterior

Uses low cost consumer batteries

Voice prompts provide feedback and encouragement

LED lights show rescuers proper steps in order

One piece CDR-D padz

FHC-LIFEPAK12-B

Physio Control Lifepak 12 Biphasic Defibrillator w/ Pacing

Compact and portable

Choice of standard paddles, pediatric paddles, and/or sterilizable internal and external paddles

Compatible with QUIK-COMBO® pacing/defibrillation/ECG electrodes

Masimo SET® pulse oximetry offers accurate and stable oxygen saturation monitoring

Oscillometric (NIBP) monitoring

End-tidal CO₂ (EtCO₂) monitor

GE Marquette 12SL™ ECG analysis program

Either 50mm or 100mm printers

Data Storage: Up to 50 patient records

Blanket & Fluid Warming Cabinets

Future Health Concepts, Inc. offers a variety of Blanket and Fluid Warming Cabinets. As with all of our products, warming cabinets undergo stringent testing procedures during the manufacturing process to assure a long life, the highest quality and accurate temperature settings. We offer standard sizes along with custom sizes to meet specific requirements.

Standard Features

- Stainless steel or full view glass door
- Keyed temperature lock out
- Push button digital operation
- Large dual digital displays
- Displays actual temperature and set point at all times
- Separate digitally controlled heating chambers
- Rapid warm time (2 - 6 hours depending on load)
- Uniform heating
- Fully insulated
- Audible and visual over-temp alarm
- UL/CUL approved
- FDA registered
- OSHPD pre-approved

Options

- Mobile dolly or cart
- 18" depth
- Full recess
- Pass through chamber
- Left hand door hinge
- Keyed door lock
- USB data port
- Seismic brackets
- 220/240 V, 50/60HZ
- Custom sizes

(Model FHCTWC24-G-MB shown above on optional dolly)

Model # FHCTWC24

Overall Size
 30"W x 26.5"D x 78.25"T
 14.00 cubic feet of storage
 1 adjustable shelf

Upper Chamber I.D.
 26"W x 23"D x 11.25"T
 3.9 cubic feet of storage
 Temperature range: 90-110 F.
 Accuracy +/- 1 degree F. of set point

Intermediate Chamber
 26"W x 23"D x 10.75"T
 3.7 cubic feet of storage
 Temperature range: 90-135 F.
 Accuracy +/- 1 degree F. of set point

Lower Chamber I.D.
 26"W x 23"D x 18.50"T
 6.4 cubic feet of storage
 Temperature range: 90-160 F.
 Accuracy +/- 1 degree F. of set point

Electrical
 120V, 13.5 amp., 50/60HZ
 .65 kw/hr, 2238 btu/hr
 UL/CUL listed
 FDA registered

(Model FHCDWC24 -MB shown above on optional dolly)

Model # FHCDWC24

Overall Size
 30"W x 26.5"D x 74.5"T
 17.2 cubic feet of storage
 3 adjustable shelves

Upper Chamber I.D.
 26"W x 23"D x 15.25"T
 5.27 cubic feet of storage
 Temperature range: 90-160 F.
 Accuracy +/- 1 degree F. of set point

Lower Chamber I.D.
 26"W x 23"D x 34.5"T
 11.93 cubic feet of storage
 Temperature range: 90-160 F.
 Accuracy +/- 3 degree F. of set point

Electrical
 120V, 12 amp., 50/60HZ
 .75 kw/hr, 2557 btu/hr
 UL/CUL listed
 FDA registered

(Model FHCDWC2424-MB shown above on optional dolly)

Model # FHCDWC2424

Overall Size
24"W x 26.5"D x 74.5"T
15.95 cubic feet of storage
3 adjustable shelves

Upper Chamber I.D.
20"W x 23"D x 15.25"T
4.05 cubic feet of storage
Temperature range: 90-160 F.
Accuracy +/- 1 degree F. of set point

Lower Chamber I.D.
26"W x 23"D x 34.5"T
11.9 cubic feet of storage
Temperature range: 90-160 F.
Accuracy +/- 3 degree F. of set point

Electrical
120V, 10 amp., 50/60HZ
.46 kw/hr, 1570 btu/hr
UL/CUL listed
FDA registered

(Model FHCDWC2460-G shown above)

Model # FHCDWC2460

Overall Size
24"W x 20.5"D x 64.75"T
7.45 cubic feet of storage
3 adjustable shelves

Upper Chamber I.D.
20"W x 17"D x 13.5"T
2.65 cubic feet of storage
Temperature range: 90-160 F.
Accuracy +/- 1 degree F. of set point

Lower Chamber I.D.
20"W x 17"D x 24.5"T
4.80 cubic feet of storage
Temperature range: 90-160 F.
Accuracy +/- 2 degree F. of set point

Electrical
120V, 10 amp., 50/60HZ
.49 kw/hr, 1678 btu/hr
UL/CUL listed
FDA registered

(Model FHCDWC36-G-MB shown above on optional dolly)

Model # FHCDWC36

Overall Size
30"W x 26.5"D x 74.5"T
17.59 cubic feet of storage
4 adjustable shelves

Upper Chamber I.D.
26"W x 23"D x 25"T
8.63 cubic feet of storage
Temperature range: 90-160 F.
Accuracy +/- 2 degree F. of set point

Lower Chamber I.D.
26"W x 23"D x 26"T
8.96 cubic feet of storage
Temperature range: 90-160 F.
Accuracy +/- 2 degree F. of set point

Electrical
120V, 12 amp., 50/60HZ
.69 kw/hr, 2356 btu/hr
UL/CUL listed
FDA registered

(Model FHCDWC60-G shown above)

Model # FHCDWC60

Overall Size
30"W x 20.5"D x 64.75"T
9.73 cubic feet of storage
3 adjustable shelves

Upper Chamber I.D.
26"W x 17"D x 13.5"T
3.46 cubic feet of storage
Temperature range: 90-160 F.
Accuracy +/- 1 degree F. of set point

Lower Chamber I.D.
26"W x 17"D x 24.5"T
6.27 cubic feet of storage
Temperature range: 90-160 F.
Accuracy +/- 2 degree F. of set point

 FDA registered

(Model FHCSWC60-G-MB shown above on optional dolly)

Model # FHCSWC72

Overall Size
 30"W x 26.5"D x 74.5"T
 2 adjustable shelves
 1 middle fixed shelf

Chamber I.D.
 26"W x 23"D x 61"T
 21 cubic feet of storage
 Temperature range: 90-160 F.
 Accuracy +/- 3 degree F. of set point

Electrical
 120V, 7.5 amp., 50/60HZ
 .53 kw/hr, 1810 btu/hr
 UL/CUL listed
 FDA registered

(Model FHCSWC72-G-MB shown above on optional dolly)

Optional Mobile Stands:

Half size and counter top units
 (If ordered with warmer add -MS to the model #)

FHCT0007: 26"W x 34"D x 34"T
 Recommended for models FHCSWC24 and FHCSWC36

FHCT0023: 26"W x 20"D x 34"T
 Recommended for models FHCSWC1518 and FHCSWC1824

Optional Mobile Base:

FHCT0087: 33"W x 28"D x 6.75"T

(If ordered with the warmer, add -MB to the model #.
 Note this will add 2" to the standard warmer height)

Standardkeyedtemperature lockout on all warmers

Optional door lock

How to order Blanket & Fluid Warming Cabinets

Options Available	18" Depth	Glass Doors	Mobile Base	Mobile Stand	Recessed Unit	LH Door Swing, Hinges on Left	Keyed Door Lock	Temperature Recorder	220/240 V, 50/60 HZ	Pass Through Chamber
Option Extension	18	G	MB	MS	R	LH	DL	TR	220	P

For Example: Model # FHCDWC24 with the 18" depth option, Glass Doors, Recessed unit, Hinges on the left, Keyed door lock, 220/240 V 50/60 HZ = Order Model # FHCDWC24-18-G-R-LH-DL-220

NOTE: Due to the vast number of sizes we have available, not all of our models are shown. Please let us know your specific dimensions to get the model that will best suit your needs. If we don't currently have the size you need, we will build a custom one for you!

Warranty

All warming cabinets manufactured by Future Health Concepts, Inc. will carry a lifetime guarantee against product craftsmanship, **1-year labor and 5-year parts guarantee**. The factory will service all units without cost to the buyer for 1-year from shipment. After the 1-year period, replacement of a defective part (labor) will be at buyer's expense. We will exchange all defective parts at no cost to the buyer for a period of 5-years from shipment. All defective parts must be returned within 30 days to ensure proper credit. An RA from Future Health Concepts, Inc. must be obtained prior to items return.

Surgical Scrub Sinks

Manufactured of the highest quality possible, Future Health Concepts, Inc. delivers a full line of hands free, fully functional Surgical Scrub Sinks. Combining the best materials, components, and craftsmanship available, each sink is hand built to the customer's specific need.

SS Series Scrub Sink Standard Features:

- Deep sloping basin
- Adjustable thermostatic controlled pressure regulating mixing valve, one per station
- Check stop strainers for ease of maintenance
- High mount swivel gooseneck spout with adjustable swivel spray aerator
- Flow control valve
- Backflow preventers
- Infrared sinks are equipped with a 24 volt plug in transformer
- Splash screen dividers with double and triple station sinks
- Main support and Z-brackets (in-wall support optional)
- 304 stainless steel polished and ground to a #4 finish

Knee Operated Surgical Scrub Sinks:

The operation of these sinks is simple. Press the knee panel one time to activate water flow. Press again to stop flow. The soap panel works in a pumping fashion with soap being dispensed through a stainless steel spout located near the mixing valve. The base has been designed to accommodate gallon sized soap container storage behind the knee panels.

Infrared Operated Surgical Scrub Sinks:

The infrared sensor is located on the front of each station and is activated by the user's waist. There is a 2 second on/off delay for water flow. The sensor range is 12" to 14". Both features combined eliminate activation by simply passing by. Optional knee operated or foot control soap pumps are available.

Deluxe Surgical Scrub Sinks:

Built as a hybrid, these sinks have dual controls. Equipped with infrared operated water control as well as a manual bypass for knee operated water control. The main operation is via the infrared sensor located between the knee panels. The knee operation for water control is on standby as a backup. In addition the sink is also equipped with knee operated soap.

**Knee Operated

ES SERIES SURGICAL SCRUB SINKS

Our ES series scrub sinks were developed to be the answer to space and economical constraints. The ES series sinks have a smaller outside dimension but still have a deep basin to allow for a proper scrub. The operation of the ES sinks are the same as that of the SS series sinks but the features do vary.

ES Series Scrub Sink Standard Features:

- Deep sloping basin
- Adjustable thermostatic controlled pressure regulating mixing valve, one per station mounted under sink
- High mount swivel gooseneck spout with adjustable swivel spray aerator
- Flow control valve
- Backflow preventers
- Infrared sinks are equipped with a 24 volt plug in transformer
- Z-brackets (See specifications on rear panel for in-wall support)
- 304 stainless steel polished and ground to a #4 finish

Single Station Scrub Sink
Model # FHCES25-IR-MB

Dual Station Scrub Sink
Model # FHCES47-IR

How To Order ES Series Sinks:

Options Available	Infrared Operation	Manual Bypass to add Knee Operated Water and Soap With IR Operation	Knee Operated Soap <small>(Soap Is Not A Standard Feature With Knee Operated Water on ES series sinks)</small>	Foot Operated Soap (All Sinks)	Digital Scrub Timer	Eye Wash	220-240V	Pedestal Base
Option Extension	IR	MB	KSP	FSP	TM	EYE	220	PB

Single Station Scrub Sink: Model # FHCES25 - ____ - ____ - ____ - ____ - ____ - ____ - ____ - ____

Dual Station Scrub Sink: Model # FHCES47 - ____ - ____ - ____ - ____ - ____ - ____ - ____ - ____

Example: Model # FHCES47 with infrared operated and knee operated soap and water plus digital scrub timer = model # FHCES47-IR-MB-TM.

Surgical Scrub Sink Utility Requirements:

Utility	Connection On Unit	Pressure Range	Temperature	Consumption
Drain	1 1/2" x 6" Tail Piece	N/A	N/A	N/A
Cold Water	1/2" NPT	20-50 PSIG	70 Degree F. Max	2 GPM Per Station
Hot Water	1/2" NPT	20-50 PSIG	180 Degree F. Max	2 GPM Per Station
Electrical (IR Units Only)	120V	N/A	N/A	N/A

Warranty

All Surgical Scrub Sinks manufactured by Future Health Concepts, Inc. will carry a limited lifetime warranty against manufacturing defects and a one year parts and labor warranty. The factory will service all units without cost to the buyer for one year from shipment. After the one year period, replacement of a defective part will be at buyer's expense. We will exchange all defective parts at no cost to the buyer for a period of one year from shipment. All defective parts must be returned within 30 days to ensure proper credit. An RA from Future Health Concepts, Inc. must be obtained prior to items return.

Processing Sinks

Standard Features:

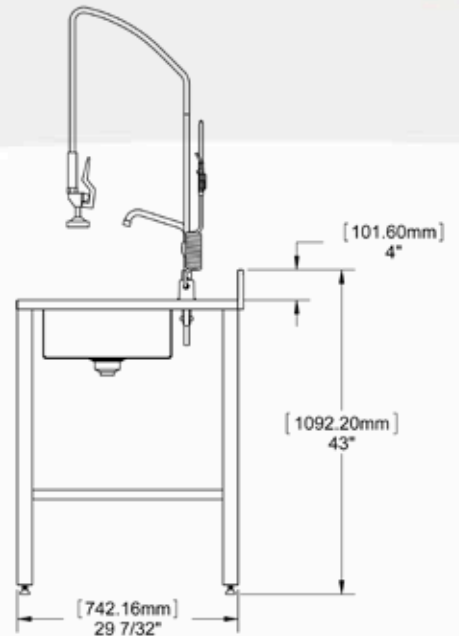

- Fully-welded construction
- Sound-proofed reinforced tops
- Multiple layouts for individual requirements
- All sinks are manufactured to individual specifications
- Full CAD rendering of specified sink

Options:

- Hydraulic adjustable heights for ergonomics
- Full base unit underneath with any door, drawer or open shelf combination
- Pipe stand instead of base unit
- Multiple bowls in any combination
- Multiple faucet options including pre-rinse
- Air hose with 5 blowgun tips
- DI water
- Foot operated drains

Sample Processing Sinks:

TRANSPORT & EYE STRETCHERS

MODEL # FHC7100

Standard Features:

- 8" Tente total/directional locking casters
- Brake steer pedals all 4 corners
- Single cylinder Fowler assist
- Dual pedestal lift mechanism
- Trendelenburg/reverse Trendelenburg
- Lift/Trendelenburg pedals on both sides
- Fold forward side rails with built in push handles
- 4" standard mattress
- 2 hook removable telescopic I.V. pole
- I.V. pole sockets at all corners
- O2 storage underneath

Optional Features:

- Fold down push handles
- Manual knee gatch
- Manual Fowler
- 29" or 31" wide patient surface

Product Specifications:

Dimensions:

- Overall: 83" long x 31" wide
- Patient surface: 75" long x 26" wide

FHC7100-29 Wide:

- Overall: 83" long x 34" wide
- Patient surface: 75" long x 29" wide

FHC7100-31 Extra Wide:

- Overall: 83" long x 36" wide
- Patient surface: 75" long x 31" wide
- Equipped with dual fowler assist

Height Adjustment Range:

- Minimum 23" • Maximum 35"

Litter Positioning:

- Trend/reverse trend: +/- 18 degrees
- Fowler position: 90 degrees
- I.V. attachment sockets: 4
- Weight capacity: 550 pounds

Stretcher Pads

Dimensions:

- Overall: 83" long x 31" wide
- Patient surface: 75" long x 26" wide

MODEL # FHC7200

Standard Features:

- 5th Wheel
- 8" Tente locking casters
- Brake steer pedals all 4 corners and both ends, 6 total
- Dual cylinder Fowler assist
- Dual pedestal lift mechanism
- Trendelenburg/reverse Trendelenburg
- Lift/Trendelenburg pedals on both sides
- Fold forward side rails with built in push handles
- 4" standard mattress
- 2 hook removable slow descent telescopic I.V. pole
- I.V. pole sockets at all corners
- O2 storage underneath stretcher top

Optional Features:

- Fold down push handles
- Manual knee gatch
- Manual Fowler
- 29" or 31" wide patient surface

Product Specifications:

Dimensions:

- Overall: 83" long x 31" wide
- Patient surface: 75" long x 26" wide

FHC7200-29 Wide:

- Overall: 83" long x 34" wide
- Patient surface: 75" long x 29" wide

FHC7200-31 Extra Wide:

- Overall: 83" long x 36" wide
- Patient surface: 75" long x 31" wide
- Equipped with dual fowler assist

Height Adjustment Range:

- Minimum 23" • Maximum 35"

Litter Positioning:

- Trend/reverse trend: +/- 18 degrees
- Fowler position: 90 degrees
- I.V. attachment sockets: 4
- Weight capacity: 550 pounds

TRANSPORT & EYE STRETCHERS

MODEL # FHC7100-EYE1

Newly redesigned low profile dual articulating head attachment

Standard Features:

- “NEW” quick adjustment dual articulating head attachment
- Low profile for surgeons leg room
- 8” Tente total/directional locking casters
- Brake steer pedals all 4 corners
- Manual Fowler assist
- Manual knee gatch
- Dual pedestal lift mechanism
- Trendelenburg/reverse Trendelenburg
- Lift/Trendelenburg pedals on both sides
- Fold forward side rails with built in push handles
- 4” standard mattress
- 2 hook removable telescopic I.V. pole
- I.V. pole sockets at all corners
- O2 storage underneath

(Optional wrist rest available)

Product Specifications:

Dimensions:

- Overall: 94” long x 31” wide
- Patient surface: 85” long x 25” wide

FHC7100-29-EYE1 Wide:

- Overall: 94” long x 35” wide
- Patient surface: 85” long x 29” wide

FHC7100-31-EYE1 Extra Wide:

- Overall: 94” long x 37” wide
- Patient surface: 85” long x 31” wide

Height Adjustment Range:

- Minimum 23” • Maximum 35”

Litter Positioning:

- Trend/reverse trend: +/- 18 degrees
- Fowler position: 90 degrees
- I.V. attachment sockets: 4
- Weight capacity: 550 pounds

Surgical Lights

CoolSpot II

- Up to 60,000 lux (5575 fc) at 1 meter
- 4300 K color temperature
- CRI (Color Rendering Index) of 94
- Bi-level dimmer for variable intensity

Outpatient II

- 86,000 lux (7990 fc) at 24" (61cm)
- 3300 K color temperature
- Focuses with central, removable, autoclavable SteriHandle

AIM LED

- 45,000 lux (4181 fc) at 1 meter
- 4300 K color temperature
- CRI (Color Rendering Index) of 92
- 3 LED modules with a 20,000-hour life

AIM-100

- 63,000 lux (5852 fc) at 1 meter (per lighthead on double ceiling model)
- 3500 K color temperature offers natural and true coloring
- High CRI (Color Rendering Index) of 97
- Uses 3 quartz halogen bulbs (per lighthead on double ceiling model) - each rated with a 2000-hour bulb life; bulbs wired in parallel for continuous operation

AIM-200 OR

- 90,000 lux (8361 fc) at 1 meter
- 3700 K color temperature
- CRI (Color Rendering Index) of 96
- Larger and adjustable light pattern

Medical Carts

A full line of medical/crash/anesthesia carts, cart packages and cart accessories. All cart packages and cart accessories are sold separately.

All of our Carts Feature

- Antimicrobial properties built in to protect portions of the product.
- Double wall construction
- Ball bearing slides with quick release
- Easy grip solid poly handles
- Stabilizer base with high impact, non-marking plastic bumper to add stability and keep cart from tipping
- 5 inches Premium easy roll casters (2 braking, 1 tracking, 1 swivel)
- ABS plastic top
- Premium latex free powder coat paint
- Pre-threaded holes on sides and back to easily mount accessories

Drawer Configurations: 3, 4, 5 or 6 drawers available for most carts. Pediatric carts available in 9 or 10 drawers.

Locking Options Available:

Key Lock Pushbutton Lock Lever/Breakaway Lock Electronic Lock Proximity Lock

Drawer Colors Available for Most Carts:

Emergency/Crash Carts

Case Carts

Future Health Concepts, Inc. manufactures a full line of sterile pack transport case carts. As with all of our products, case carts are built with quality and durability in mind.

Standard Features

- Fully-welded construction
- Sound-proofed tops and doors for quiet operation
- 8.5" x 11" card holder
- Adjustable perforated stainless steel roll out shelves
- Exterior push handles for better control and more interior space
- Non marring wrap-around bumper
- Positive lock door latches
- Sealed doors for sterility control
- Stainless steel casters
- Large 6" diameter, easy rolling, cart-washable casters with sealed bearings

Options

- Fully extended perforated roll out shelves
- Top extension shelves
- Directional locks
- Total locks
- Silicon door gasket for complete sterility control
- Door safety seal tab to ensure door close through transport

All carts can be manufactured to individual specifications

Chrome I.V. Poles

FIVE-LEG IV STANDS sit on a 24"-diameter, polished, die-cast, aluminum base with Wall Saver end-caps to protect against scuffmarks. Select a stainless or chrome post and your choice of four different height-adjustment mechanisms. All chrome stands feature colored, poly-coated, secure-grip hook-tips for protection and identification. Five-leg IV stands travel on 2-1/2", twin-wheel, hooded casters or 2"-or-3", hard-rubber, swivel casters. Special features can be found on MODEL 1350, our heavy-duty chrome IV stand with a 1-1/4"-outside-diameter base post and 1"-outside-diameter extension post. This model comes with four- or six-hook, interchangeable ram's horn.

FHC1315-4

MODEL FHC1360-4 CHROME HEAVY-DUTY IV STAND features a wide, 26"-diameter, epoxy-coated, six-leg base for durability and corrosion-resistance. Designed for hospital applications requiring multiple pumps or accessories or whenever a heavier base is required. Add a 1-1/4"-outside-diameter base-post with a 1"-outside-diameter extension-post and you have the toughest stand in our chrome line. The Tru-Loc friction-knob secures height position. This model comes with four- or six-hook, interchangeable ram's horn. The hook tips are colored with a poly-coated, secure grip for easy identification. Stand travels on 3", single-wheel, hard-rubber casters. Adjusts from 58"-102". Minimal assembly required

FHC1360-4

LINEN HAMPERS

FHC692

This single hamper is constructed from 7/8" steel tubing with a bright and sturdy chrome finish. Hamper assembles in minutes and has a white ABS high impact lid. Optional colored lids available. Bag lock secures liners in place. Includes four 3" quiet-ride casters insuring smooth rolling, two are locking to secure the hamper in place. This hamper accommodates FHC's disposable poly-liners and 640, 641 and 680 bags. (Bags not included.) Elevated 7" bottom shelf available to reduce bag capacity with ease (see medium-duty hamper accessories). Also comes in 32" and 28" heights.

FHC694

This single hamper is constructed from 7/8" steel tubing with a bright and sturdy chrome finish. Hamper assembles in minutes and has a white ABS high impact lid. Optional colored lids available. Bag lock secures liners in place. Includes four 3" quiet-ride casters insuring smooth rolling, two are locking to secure the hamper in place. This hamper accommodates FHC's disposable poly-liners and 640, 641 and 680 bags. (Bags not included.) Elevated 7" bottom shelf available to reduce bag capacity with ease (see medium-duty hamper accessories). Also comes in 32" and 28" heights.

FHC669KD & FHC669SS

This hamper is made from 1" tubular steel. Dual access foot pedal activation makes it easy to access opening from either side of the hamper. The hamper has a lid damper to allow for easy opening and a quiet smooth controlled flowing closure to prevent rapid closure. The rear support stabilizer legs insure stability in all locations. These legs have adjustable feet to control the leg height that you desire. The legs also keep the hamper the right distance from the walls to prevent the lid from hitting the walls during use. Units are powder coated with an attractive silver finish including the steel lid. Easy Assembly.

FHC669-KD Comes knocked-down for an outstanding freight value.

FHC669-SS Units are stainless steel with stainless steel lids

FHC602

18 1/2"L x 17 3/4"W x 2 1/4"D This high impact ABS crack resistant white lid is the standard replacement lid for hampers. This light weight lid allows for complete hands free operation of your hamper. If color coding is important, additional colors: Blue, Red, Black, Yellow.

- Fully-welded, heavy gauge all stainless steel construction
- 3" double ball bearing, swivel casters
- Full, heavy gauge stainless steel platform to support bags & ease of removal

Available options:

- FOL = Foot operated stainless steel lid
- BG = Rotating bumper guards over casters
- Capitalize foot and rotating

FHC2301SS

- Overall size: 35"H x 57 1/4" perimeter
- Accommodates 18" diameter bags
- Available with Foot Control FHC2301SS-FC

FHC2201SS

- Overall size: 35"H x 18" diameter
- Accommodates 18" diameter bags
- Available with Foot Control FHC2201SS-FC

FHC2302SS

- Overall size: 35"H x 78 5/8" perimeter
- Accommodates 25" diameter bags
- Available with Foot Control FHC2302SS-FC

FHC2202SS

- Overall size: 35"H x 25" diameter
- Accommodates 25" diameter bags
- Available with Foot Control FHC2202SS-FC

KICK BUCKETS

- Stainless steel frame
- Perimeter bumper to protect walls
- 2" swivel casters
- Tip resistant

FHC7766SS

- Overall size: 14"H x 13 1/2" diameter
- Removable 12 quart stainless steel basin

FHC7768SS

- Overall size: 8"H x 16 1/4" diameter
- Removable 8 1/2 quart stainless steel basin

Chest Roll (Large)
510 x 150 x 75 mm

Universal Position Pads, Surgical Table Pads, Knee & Leg Pads

FACC0213

Knee Protector
355 x 180 x 100mm

This pad is primarily used in procedures where the patient must have clear leg separation. It may also be used as a stabilizer or to prevent the patient's leg from falling off the table.

FACC0214

Crutch Pad
370 x 250 x 12mm

FACC0215

Heel Protector
150 x 95 x 40 mm

FACC0216

Surgical Table Pad
510 x 510 x 10mm

The Surgical Table Pad is multi-functional and protects against the occurrence of pressure sores

FACC0217

Arm Rest
610 x 160 x 10mm

Designed to protect and support patient's arm during surgery in the lateral position

FACC0218

Mattress Pad
900 x 580 x 20 mm

FACC0219

435 x 386 x 10 mm

FACC0220

475 x 280 x 10 mm

Surgical Table Accessories

BODY SUPPORTS

FACC0015 & FACC0017

FHC Lateral Support
Attaches anywhere along side rails to provide the patient with lateral support. (Need 1 pair of side rail clamps FACC0003 sold separately).

FACC6000

Deluxe Lateral Braces
1 multi-position 3" round brace, and 2 each multi-position 4" x 6" braces with independent position locking mechanism. S/S and anodized aluminum, includes pads.

FACC0013 & FACC0014

FHC Shoulder Braces
Provide padded support for the trendelenburg position, braces adjust laterally into place 6" and lock securely in place.(Set).

FACC0028

FHC Dorsal Cushion
Provides support during intravertebral disk operations. Antibacterial, antistatic, flame-retardant, memory foam pad..

FACC0029

FHC Morgan Pelvic Rest
Provides pelvic support during rectal procedures. (Requires two Clark sockets)

FACC0041

FHC1000 Patient Transfer Extension
Included with pad (pressure relief) 19"W x 35"L. This pad incorporates a layer of pressure relief viscoelastic foam (A.K.A. Memory foam) to aid in the prevention of pressure ulcers during longer procedures. The balance of the foam is high-density polyurethane foam. The top cover material is the soft, stretchable, urethane-coated, conductive material with a conductive vinyl sheeting bottom cover. With velcro kit.

FACC0022

Fhc Adjustable Foot Board With Pad
Can be used horizontally as table extension or vertically as foot support for reverse Trendelenburg. Designed to fit all O.R. tables and is completely radiolucent. Includes 2" pad and requires one pair of side rail table clamps (sold separately)

FACC405

Long Table Width Extender
Attaches to the back, seat or leg section using an integrated clamp. Measures 4" W x 20" L without pad for optimal table extension. Made with memory-foam to relieve pressure and prevent bedsores. Includes antibacterial, antistatic, flame-retardant pad.

FHC Perineal Cutout Filler Piece with Pad
FHC Perineal cutout filler piece, supports patient over the perineal cutout. Contains two posts which fit into holes on the seat section. Comes with pad.

FACC63500

FHC Shoulder Supports
Ideal for procedures requiring Trendelenburg. Includes deluxe foam padding on broad support surface with ball and socket adjustments provide optimal positioning for any size patient. Adjusts vertically to accommodate x-ray tops. (clamps sold separately)

FACC4800

FHC Uni-Prepper Leg Prep Unit
Most versatile leg prepper on the market , 360 degree rotation of leg cradle, 180 degree adjustment as well as sliding leg cradle,infinite positioning possibilities, leg cradle measures 8"W x 5"H x 3 1/2"D adjustable height of 12" to 27", S/S construction, comes w/pressure management pad.(Requires Clark socket or super clamp for mounting to side rail.). Bariatric unit also available.

FACC4850 Bariatric Uni-Prepper Leg Prep Unit
10.5"W X 5"H X 3 1/2"D adjustable height of 12" to 27"

FACC9050-12, FACC9050-18

FHC Arthroscopic Stress Post
12" or 18" height adjustment, provides a fulcrum to leverage the leg to gain better access to the knee 5/8" dia., 4" X 6" pad. Requires Clark socket.

FACC9050-12 12" height adjustment
FACC9050-18 18" height adjustment

FACC4200

Picket Leg Prep
Easy positioning; Easy to clean. Efficiently preps both legs at once. Stainless steel support bar- 5/8" dia. Height adjustable up to 30". (Requires Clarke socket not included).

LEG SUPPORTS

FACC0055

FHC EZ-Lift Power Assist Boot Stirrups
FHC Power Assist Boot Stirrup include boot pads; Stirrups range of motion is -35 degrees low lithotomy to 90 degrees high lithotomy. Adduction -9 degrees & abduction 25 degrees and infinitely locks anywhere in between. Boot free floats throughout the range reducing the risk of superficial nerve injury. Raise lower abduct adduct quickly & easily w/dual control handle. Lithotomy & length indicators helping to position the legs. Extended lateral boot design helps reduce risk of peroneal nerve injury. Abduction safety zone is estimated to be 12.5 degrees from midline & abduct at this angle as they are elevated. However you can simply squeeze the dual control handle to increase or decrease abduction. 600 lbs. weight capacity (requires 2 ea. clamps)

FACC0011

FHC Power Assist Boot Stirrup Clamp
FHC Power Assist Stirrup Clamp securely locks power assist boot stirrups to rail end or notches of O.R. table. Measures 1" x 3/8" D with weight capacity of 1000 lbs. Required for attaching FACC0055 to surgical table. (1ea.)

FACC0072

Junior PAL Stirrups
Allows for infinite abduction and adduction with convenient twist handles and gas struts to assist with lifting the leg, complete with pads. (Requires 2ea. Clamps), 250 lb weight capacity.

FACC0073

Little PAL Stirrups
Allows for infinite abduction and adduction with convenient twist handles and gas struts to assist with lifting the leg, complete with pads. (Requires 2ea. Clamps), 160 lb weight capacity.

FACC0080

Deluxe Arthroscopic Legholder System
Provides effective positioning of the operative site locking the femur in place securely and easily. 5/8" mounting post and spring loaded braces slide into place and snap lock. Includes pressure relief foam pad (1ea.) Requires rail clamp (sold separately)

FACC0019

FHC Simplicity Knee Crutch with Pad
Simple to set up and position the patient knee crutches adjust vertically from 12 to 19 and 360 degree to provide precise positioning with a simple ergonomic locking handle. Constructed of the highest quality s/s extremely soft and comfortable crutch liners prevent superficial nerve damage to the patient. Pad included. (Requires 2ea. Clark sockets)

FACC0075

Cysto-Lift Knee Crutch
Incorporates our patented stirrup technology allowing simple and easy positioning of the leg during surgery. No need to access the side rail-socket to make leg position changes. Lift assist neutralizes leg weight to easily handle individual legs. Weight capacity 350 lbs. (Requires Clark sockets)

FACC6610

FHC Universal Well Leg Support
Solid stainless steel adjustable extension bar. Boot clamp is designed for full-range positioning. Ideal for positioning patients of any height. Comes with one restraint strap and pressure management pad. (Requires super clamp, Clark socket).

FACC0071

Basic Stirrups
Premium quality, proven performer for procedures requiring lithotomy positioning, unique clamping allows maximum flexibility, sold with one pair of disposable pads & one set of restraint straps. Requires Clark socket or super clamp for mounting to table. 350 Lbs weight capacity.

FACC0020

FHC Lithotomy Legholder
Candy cane style design. Quality height & angulation, (requires Clark socket or superclamp for mounting to side rail). One pair.

ARM SUPPORTS

FACC326

FHC Carbon Fiber Hourglass Arm & Hand Surgery Table
Posi-lock clamp ensures positive locking to any standard operating room table, telescoping leg up to 12" makes for rapid set-up time and excellent stability, 16" x 32" operating surface. Molded armrests expand the table width to 24" providing for surgeons comfort. Radiolucent, allowing excellent C-arm access with pad. Weight is 12 lbs.
FACC322replacement 2" thick pad only

FACC320

FHC Hourglass Arm & Hand Surgery Table Single Post
Posi-lock clamp ensures positive locking to any standard operating room table. Telescoping leg makes for rapid set-up time and excellent stability. 16"W x 32"L operating surface. Molded armrests expand the table width to 24" providing for surgeons comfort. Radiolucent, allowing excellent C-arm access. With pad.

FACC321

FHC Hourglass Arm & Hand Surgery Table with Double Tee Foot
Posi-lock clamp ensures positive locking to any standard operating room table, telescoping leg makes for rapid set-up time and excellent stability, 16" x 32" operating surface. Molded armrests expand the table width to 24" providing for surgeons comfort. Radiolucent, allowing excellent C-arm access. With pad.
FACC322replacement 2" thick pad only

FACC311

FHC Rectangular Arm & Hand Surgery Table with Double Tee Foot
Posi-lock clamp ensures positive locking to any standard operating room table. Telescoping leg makes for rapid set-up time and excellent stability. 18" x 32" operating surface. Radiolucent, allowing excellent C-arm access. With pad.

FACC310

FHC Rectangular Arm & Hand Surgery Table Single Post
Posi-lock clamp ensures positive locking to any standard operating room table. Telescoping leg makes for rapid set-up time and excellent stability. 18" x 32" operating surface. Radiolucent, allowing excellent C-arm access. With pad.

FACC316

FHC Carbon Fiber Rectangular Arm and Hand Surgery Table
Posi-lock clamp ensures positive locking to any standard operating room table, telescoping leg up to 12" makes for rapid set-up time and excellent stability, 18" x 32" operating surface radiolucent, allowing excellent C-arm access with pad. Weight is 9 1/2 LBS.
FACC312replacement 2" thick pad only

FACC341

Under Pad Mount Arm and Hand Tables
A very durable table offering a poly carbonate covered opening which measures 14" wide x 24" long for C-arm access. Rugged stainless steel construction for long time use. Designed to slip under pad. Patient won't even feel it! A convenient handle allows table to be carried and stored effortlessly. Optional Add-a-Rail can easily be added to the end of the board allowing you to adapt multiple accessories.
FACC312replacement 2" thick pad only

FACC330

Carpal Arm and Hand Table

Included with 2" pad, this legless design offers optimum rigidity as well as easy access for C-arm procedures, 18"W x 32"L operating surface, it clamps positively to O.R. Table w/our unique posi-lock clamps for added stability.

FACC312replacement 2" thick pad only

FACC301 & FACC302

Free Access Arm and Hand Table

Comes with 2" black conductive pad, lightweight, no drop legs for easy access, radiolucent for C-arm imaging or any type of x-ray procedures of the arm or hand. Operating surface is 12" x 30".

FACC302 ... replacement 2" thick pad only

FACC4110

Wide Armboard

Includes 2" pad: rotates 180 degrees, 21 locking increments, compatible with 1,2,3, and 4" pads. Fits all Amsco, Getinge/Castle, Skytron and other major surgical tables. 11" Wide x 26" long.

(Armboard restraint straps available, FACC4000, reusable)

FACC0401

FHC Radiolucent Armboard w/Enhanced Posi-loc Rail Mounting System

Built-in mounting mechanism allows for easy vertical up & down movement. Will adjust to level for O.R. table surface without changing arm board pad. Easy 180 degree rotation when mounted on either side of O.R. table. Secure positive locking mechanism allows for safe and easy fit to any O.R. table rail. Lever-free arm board is designed to provide no interface during C-arm imaging and X-ray procedures. 6"W x 26" L

FACC0010

Multi-Task Arm Board

Perfect for seated lateral prone neuro and park bench positions versatile and comfortable positioning with the new ball socket locking system arm platform measures 6" W x 16" L. 2" deluxe concave foam pads and 5/8" mounting post included. (Requires Clark socket).

FACC344 & FACC345

Horizontal Traction Tower

Solid stainless steel construction. Adapts easily to end of most arm and hand tables. 3/4" outside diameter square tube with 1/2" telescoping tube provides the strongest and most dependable device available. Comes complete with all necessary hardware.

FACC34418" long for rectangle-shaped table

FACC345 24" long for hourglass-shaped table

FACC8000

Surgical Table Armguard

Protects patient extremities and prevents nerve damage to patients. The arm guard is easily slipped under a table cushion and is completely x-ray translucent, measuring 16" L x 8" H.

FACC314 & FACC324

Add-a-Rail

Solid stainless steel. Mounts to block underneath table with two screws that are countersunk allowing you to slip accessories on from that end. Allows you to adapt multiple accessories at one time.

FACC31418" long for rectangle-shaped table

FACC32424" long for hourglass-shaped table

FACC7500

Kross Arm Support

Perfect for arm chair prone, lateral and neuro procedures positioning S/S arm cradle measures 6" x 20". Requires Clark socket for mounting.

FACC7520 Kross Kloth for arm support (roll).

FACC0078

LPS Arm Support

Provides comfortable and convenient placement of non-operative arm. Easy access to patient FACC-63500. And enhanced stabilization of shoulder.

(Clamp sold separately)

FACC1200

FHC Duraclear™ Arm Procedure Tables
Provides excellent x-ray clarity and C-arm visualization, 12" x 30" operating surface, comes with 2" pressure management pad (requires 2 Clark sockets).

FACC1200 12"x30" Duraclear™ Table w/ Pad
FACC1600 16"x30" Duraclear™ Table w/ Pad
FACC1800 18"x30" Duraclear™ Table w/ Pad

FACC0009

FHC Arm Board with 2" Pad
Rotates 180 degrees, 21 locking increments, compatible with 1,2,3, and 4" pads. Fits all Amsco, Getinge/Castle, Skytron and other major surgical tables. 6" Wide x 26" long.
(FACC4000 Armboard restraint straps available, reusable).

FACCA20900 & FACCA20950

Malleable Hand Positioner
This aluminum malleable hand positioner is perfect for micro nerve reconstruction procedures. (5 Cases)
Each positioner is good for about 20 cases.
FACCA20900 Regular Size
FACCA20950 Extra Large Size

SHOULDER SUPPORTS

FACC0042

Shoulder Attachment
Designed for 1000 and 1000S O.R. Tables. Used to support patient in seated position while providing surgeon with access to shoulder region. Attaches to leg section to permit powered movement. Comes with 1ea FACC0025 counter-traction strap, 1ea FACC001566 S/S rail and 2ea FACC0001 Clarke sockets.

FACCF644-36

Weightless Shoulder Traction System
Allows for approximate traction settings up to 40 lbs. with a simple turn of the tension adjustment knob. Boom arm adjusts from 0 degrees to 90 degrees. The boom head swivels so that its pulley always aligns properly with cord. (Recommended clamp FACC40018 simple clamp).

FACC-20500

Arm Traction Device
Accommodates intraoperative traction up to 40 lbs. (18.2 kg) for shoulder, arm, and wrist procedures. A mechanical safety stop prevents patient injury in the event the support arm is inadvertently released. Save time and cost by using it as an arm support for both prepping and traction. Weights not included.

ORTHOPEDIC

FACCR734-05

Equalizing Device
Equalizing device only. Used when three or more digits are placed in traction. This device can be used with a I.V. Pole or other extremity systems. Stainless steel hooks and chain are fully autoclavable.

FACC357

Mesh Finger Traps
Single mode finger trap.
FACC355 XS Fits infants and small children.
FACC356 S Fits older children and small adults.
FACC357 M Fits most adults.
FACC358 L Fits large adults fingers and toes.
FACC359 XL Fits adults with extra large fingers and toes.

FACCA20750

Schlein Hand Positioner
Supports multiple positions. Innovative cleat system can be used with or without weights. Autoclavable.

FACC0061

FHC1000 Orthopedic Extension
Complete set of orthopedic accessories for use with the FHC1000 series. Carbon fiber abductor bars are rested on cart during insertion onto the side rails of the seat section. Includes full range of accessories needed for lower limb traction.

ANESTHESIA SCREENS

FACC0006

FHC Anesthesia Screen
Used to hold surgical drape, can be adjusted to change the height or angle. Composed of stainless steel. (Requires Clark socket or superclamp for mounting to side rail).

FACC0007

FHC Winged Anesthesia Screen
Premium quality, supports surgical drapes, easily adjusts vertically & horizontally. Can adjust to change height or angle. Composed of stainless steel (Requires Clark socket or superclamp for mounting to side rail).

FACC0086

FHC Flexible Anesthesia Screen
Malleable and shapes easily into any configuration desired and retains its shape. Stainless steel with flexible coating. Requires two siderail clamps for mounting.

HEADRESTS

FACC0035

FHC Universal Headrest
Stainless steel composed adapter for FHC1000 O.R. tables. Provides adjustable insertion points for DORO and other neurosurgery headsets. Installs onto back section in normal & reverse orientation.

FACC0036

FHC Ophthalmic Headrest
Provides surgeon with full access to facial region and includes support bar to help prevent fatigue. Comes with memory-foam antibacterial, antistatic, flame-retardant pad. Composed of stainless steel and has two bars used for insertion into FHC1000 back section.

FACC0062

FHC ENT Headrest
Constructed specifically for ENT procedures and includes 2" pad. Attaches to FHC1000 O.R. table.

FDORO

FHC Neurosurgery Headset
Used to stabilize the skull during neurosurgery, and attaches to the FHC1000 Series Surgical Tables using the FACC0035 Adjustable Headrest Adapter. Please ask your local sales representative for more information on the full line of DORO® accessories.

FLUID COLLECTION

FACC0030

FHC Uro Catcher System
Turns any surgical table into urology table with patented flexible band. Provides excellent fluid containment and flexible drape support from provides unobstructed surgeon access.

FACC0031

FHC Fluid Catching Bags
Allow for easy removal of specimens with precise drainage control. Velcro securement eliminates the need to use tape. Durable, latex-free drape has flexible hose. Length of tubing is 64" (162.5 cm) extended, 20" (50.8 cm) compressed. Tubing diameter is 7/8" (2.2 cm). Case includes 10 non-sterile bags.

FACC0032

FHC Plastic Drain Pan
Used to collect liquid drainage during urological and gynecological procedures. Attaches to the bottom of either the FHC1000 seat section or the FACC0040 I.A. Extender.

FACC0033

FHC Deep Plastic Drain Pan
Used to collect a greater amount of liquid drainage during urological and gynecological procedures. Attaches to the bottom of either the FHC1000 seat section or the FACC0040 I.A. Extender.

FACC0034

S/S Drain Pan
Composed of stainless steel and used to collect liquid drainage during urological and gynecological procedures. Attaches to the bottom of either the FHC1000 seat section or the FACC0040 I.A. Extender.

FACC0040

FHC URO Extender
Useful in urology procedures which require ample IA coverage. Attaches to FHC1000 O.R. table in normal or reverse orientation. Includes a perineal cutout, and 2" thick pad. Made with radiolucent phenolic board.

GENERAL ACCESSORIES

FACC0008

Infusion Stand
Fastened to the side rail using a Clark Socket. Height and angle can be adjusted manually. Composed of stainless steel and plastic.

FACC0045

FHC Foot Controller
For use with FHC1000 and FHC1000S O.R. tables. Operates Trendelenburg/reverse Trendelenburg, lateral tilt and height. Foot controller meets fluid ingress protection of IPX-7.

FACC0025

Restraint Strap
Safety restraint strap helps secure patient to the table during procedures. Made of nylon canvas, and attaches to side rail on either side of patient using included stainless steel hooks.

FACC0079

Counter-traction Strap
Supports the patient while they are being manipulated during surgery. (Clamp sold separately).

FACC3200 & FACC3300

FHC Restraint Strap with Two Airplane Buckles without Hooks
All rubber strap, 96" long, secures to 56", electrically conductive rubber, very durable, easy to clean & disinfect, mounts to surgical table without hooks. Also available FACC3300: 124" long FHC extra long O.R. Table restraint strap w/ two airplane buckles; all rubber strap, 124" long, secures to 84", electrically conductive rubber, very durable, easy to clean & disinfect, mounts to surgical table without hooks.

FACC3250

FHC Restraint Strap w/Two Airplane Buckles w/ Hooks

All rubber strap, 96" long, secures to 56", electrically conductive rubber, very durable, easy to clean & disinfect, mounts to surgical table with hooks. Also available FACC3350 124" long

FACC0003

FHC Side Rail Clamp

Locks all accessories with flat 1" x 1/4" D mounting blades. Accessories can be mounted either vertically or horizontally with the same clamps on any table. Attaches anywhere along the rail with patient weight capacity of 720 lbs. (1ea.)

FACC3400

FHC Deluxe Two-Piece Vinyl/Velcro Surgical Table Restraint Strap

FHC Deluxe Two-Piece Vinyl/Velcro Surgical Table Restraint Strap 4" wide, secures to side rails, no hooks required. Extends 30" to 70".

FACC0004

FHC Straight Bar Side Rail Accessory Clamp

Constructed of solid stainless steel and is easily attached to side rails of all North American surgical tables. Clamp accommodates all rectangle bar accessories up to 1/4" x 1". (1ea.)

FACC4000

FHC Alero Deluxe Armboard Restraint Strap

Attaches to arm board for ease of use. Two part strap with double velcro closures. Upper strap 26" L x 2" W, Lower strap secures around 6" boards

FACC159

FHC Platinum Edition S/S Clip-on Socket

Works with both round and flat accessories, with 5" round posts. Strong & lightweight replacement for Clark sockets. Increased clamping force stops rotation of leg holders and fits any table.

FACCV-8000

FHC Quic-Strap Hook n Loop Strapping
Blue 1/12" wide 25yds roll (75ft).

FACC0012

FHC Universal Rail Clamp

Allows positioning of surgical devices anywhere along the O.R. table for most accessories. Spring-loaded and accepts both 5/8" D and 1 x 3/8" flat bar mounting posts. Holds all accessories in vertical/horizontal position.

VELCRO

Velcro

2" wide, black velcro. Available by 25 yd. roll or cut lengths. Pressure sensitive, adhesive backed.

FACCF-RCP2

FHC Universal Side Rail Clamp

Locks all accessories with rectangular and round mounting posts from any manufacturer. Accessories can be mounted either vertically or horizontally with same clamp. Attaches anywhere along the rail, fits any table. (1EA.)

CLAMPS & SOCKETS

FACC0001

Clark Socket S/S

Allows secure positioning of surgical table accessories by attaching to side rails of virtually all North American surgical tables. Design ensures ultimate clamping ability for all accessories and accommodates all accessories up to 3/4" diameter. (1 ea.)

FACC40018

Simple Clamp

Allows placement under/over drapes. Attach the clamp anywhere on the or table rail between rail standoffs. Holds all 1/2" to 5/8" diameter accessories. Patient weight capacity 500lbs.

PATIENT TRANSFER

FACC2200

Patient Transfer Slide Board

Lightweight and very flexible, this transfer device easily slides patients from one surface to another. Durable X-ray permeable material, built-in hand holes for easy grip and straps available for easy maneuvering. Latex free, anti-static, easy clean surface. 23" x 36" EZ slide transfer board. Also Available: FACC2400, 23" x 70" EZ slide transfer board.

Slide Board Accessories

FACC2010 Hook for wall mounting Slide Boards
 FACC2015 Bracket for wall mounting Slide Boards
 FACC2020 Patient straps for Slide Boards(Pair)

FACC0130

Patient Transfer Roller Boards

67"L x 14"W designed to assist staff members with patient transfer. Eliminates physical lifting of patients. Allows effortless patient transfer from any two combinations of the following: hospital bed, stretcher, O.R. Table, and X-ray table. Smooth operating rollers make transfer of patients easy.

FACC0123 25" long
 FACC0125 30" long
 FACC0130 67" long

FACC0132

FHC Stainless Steel Roller Board Holder

Mounts easily on a wall or door for convenient storage of your patient transfer roller board up off the floor. Will fit roller boards made by almost all manufacturers.

CARTS

FHC145

Carry Cart

- 16 gauge stainless steel, fully welded construction.
- Provides storage and transportation for stacking interlocking step stools as an all-in-one solution.
- Travels on 3" scuff-resistant casters.
- Dimensions 14"D x 21"W x 39" H.
- Designed to carry 4 stools.
- Reinforced handle.

FACC0063

FHC Accessory Cart

Comes with three shelves. Measures 14" D x 21" W x 39" H with 4" casters.

FACC0064

FHC Stirrup Cart

This strong and lightweight cart can transport stirrups or leg holders from any manufacturer. Sturdy molded four caster polymer base is dent-resistant with deep storage bin to store clamps and pads securely.

CASSETTE TOPS

FACC0046

FHC Cassette Top for FHC1000 Series
 Attaches to top of O.R. Table to permit convenient lateral insertion of the x-ray cassettes.

MISCELLANEOUS

IVP-9080

FHC Powermate

6 receptacle outlet hub. Securely mounts on any I.V. Pole. 15' power cord, 120v.

Hospital Grade Power Cords

FACC-2120B- Hard wire applications (No connector)
 FACC-2130S - Straight connector
 FACC-2150R - Right hand connector
 FACC-2170L - Left hand connector
 FACC-2180TL - Twist-lock connector

Footstools

1251

Chrome Foot Stool

Constructed of chrome and have 17 weld points to enhance strength and durability. These stools feature a non-slip rubber mat and rubber tips for added comfort. Model 1251 has the optional handrail, which measures 35-3/4" from the floor.

1250

Chrome Foot Stool

Constructed of chrome and have 17 weld points to enhance strength and durability. These stools feature a non-slip rubber mat and rubber tips for added comfort.

FHC140

FHC EZ Stacking Interlocking Step Stool

- All S/S welded construction
- Slip proof rubber tread surface
- Tip resistant
- Stools can interlock to form desired size platform
- Stools are stackable for increased height and storage
- 12"D x 18"W x 5"H

Flowmeters & Regulators

FHC FM-15UO-OH

FHC O2 Flowmeters

Comes with Chemtron Adapter 0-15 LPM, Chrome plated machined brass, control valve is back pressure compensated F.O. flow accuracy is not affected by restrictions caused by humidifiers, ventilators, etc., stainless steel float yields excellent contrast with flow tube, color coded knob, internal filter included, designed to meet all current CGA, HCA and FGA requirements. Also available with Ohmeda, Puritan Bennet and Diss connectors.

FHCVR-CHUT-OMA

FHC Analog Vacuum Regulator

Continuous analog vacuum regulator with Ohmeda adapter & tubing nipple; (high 0-760mm), easy to service and clean, easy to up-grade to intermittent of digital, same housing for both continuous & intermittent, reinforced inlets and outlets, removable back plate and gasket for easy cleaning, can be sterilized internally with cold disinfectant. Three year warranty. Designed to meet all current CGA, HCA and FDA requirements. Also available with Chemetron, Puritan Bennet and Diss connectors.

FHCVR-CHUT-OMD

FHC Digital Vacuum Regulator

Full Vacuum regulator with Ohmeda adapter and tubing; (high 0-760mm), easy to service and clean, easy to upgrade to intermittent of digital, same housing for both continuous & intermittent, reinforced inlets and outlets, removable back plate and gasket for easy cleaning, can be sterilized internally with cold disinfectant. Five year warranty. Designed to meet all current CGA, HCA and FDA requirements. Also available with Chemetron, Puritan Bennet and Diss connectors. Other regulators available.

TABLETOP STERILIZERS

FHC carries a full line of new tabletop sterilizers from multiple manufacturers such as: SciCan, Tuttnauer, and Wayne Metal Products.

SC01-121101

SciCan Statim 2000 G4 Cassette Sterilizer

Features:

- 3.5" high-resolution color touchscreen
- Built-in data logger w/ USB drive
- 14 minute wrapped cycle
- Compact
- Fully automatic
- 6-minute ultra fast unwrapped cycle
- 3 sterilization programs
- Advanced microprocessor
- User-friendly

SC01-201104

SciCan Statim 5000 G4 Cassette Sterilizer

Features:

- 3.5" high-resolution color touchscreen
- Built-in data logger w/ USB drive
- 17.5 minute wrapped cycle
- Compact
- Fully automatic
- 9-minute ultra fast unwrapped cycle
- 4 sterilization programs
- Advanced microprocessor
- User-friendly

SC01-702101

SciCan Statim 7000 Cassette Sterilizer

Features:

- Sterilizes up to 10 pouched packages
- RFID seal technology
- Can hold two 8" x 11" cassettes
- Internal tap water filtration system (no distilled needed)
- 12 minute unwrapped cycle
- 15 minute wrapped cycle
- 12 minute Dri-TecS drying cycle
- RFID seal technology
- Easy service

SCBRAVO-17V

SciCan Bravo 17V Chamber Sterilizer

Features:

- Pre-vac & Post-vac cycle
- Dri-Tec drying system technology
- 4 pre-set cycles
- Single button initiation
- Quick start-up time
- Self-diagnostic
- Optional Integrated storage system

SCBRAVO-21V

SciCan Bravo 21V Chamber Sterilizer

Features:

- Pre-vac & Post-vac cycle
- Dri-Tec drying system technology
- 4 pre-set cycles
- Single button initiation
- Quick start-up time
- Self-diagnostic
- Saves all data from each cycle
- Integrated USB port for digital storage
- Larger chamber size
- Includes top water filling port

Sterilizers

FHC refurbishes all of our Sterilizers/Autoclaves in-house. Built from the chamber up, they come complete with a one year parts and labor warranty(excluding expendable parts for PM purposes). Our various sizes are listed below and we also carry loading carts.

Standard Features

- New Piping Component Package
- Renovated Pressure Chamber
- Radial Arm Door
- Control Column with an easy-to-read vacuum florescent display an integral thermal printer

Gravity:

The refurbished gravity single door sterilizers are designed for sterilization of liquids in flasks with vented closures at 250° F(122°C) and also heat-and-moisture-stabile goods at 270°F(132°C).

Prevacuum:

Prevacuum designed for efficiency, high-volume processing of heat-and-moisture-stabile materials such as fabrics, wrapped hard goods, glassware at 270°F(132°C) Prevacuum units will also run gravity cycles.

FHCAMSCO3011

Gravity Sterilizer

- 16" X 16" X 26" pressure chamber
- Comes with rack and two shelves

FHCAMSCO3021

Gravity Sterilizer

- 20" X 20" X 38" pressure chamber
- Comes with rack and two shelves

FHCAMSCO3031

Gravity Sterilizer

- 24" X 36" X 36" pressure chamber

FHCAMSCO3013

Prevac Sterilizer

FHCAMSCO3023

Prevac Sterilizer

FHCAMSCO3033

Prevac Sterilizer

FHCAMSCO3041

Gravity Sterilizer
• 24" X 36" X 48" pressure chamber

FHCAMSCO3043

Prevac Sterilizer

FHCAMSCO3051

Gravity Sterilizer
• 24" X 36" X 60" pressure chamber

FHCAMSCO3053

Prevac Sterilizer

Refurbished Amsco Century Vertical Door Pre-vacuum Steam Sterilization Autoclave

Standard Features

- New Piping Component Package
- Renovated Pressure Chamber
- Freestanding unit
- Rack and two shelves
- Florescent display and printer

FHCAMSCO V116

Prevac Sterilizer
• 16" X 16" X 26" chamber

FHCAMSCO V120

Prevac Sterilizer
• 20" X 20" X 38" chamber

• One year parts and labor warranty(excluding expendable parts for PM purposes)

DESCAL-A-MATIC

Extend the life of your sterilizer or washer with our Descal-a-matic.

Descal-a-matic water treatment system, extends the life of steam generators by reducing scale built up on heating elements.

Washers

New Washers from SciCan and Refurbished Washers/Disinfection Systems from Steris/Amsco available with a one year parts and labor warranty(excluding expendable parts for PM purposes). Loading carts available.

SciCan Hydrim L110w G4 Washer/

Disinfection System

- Integrated Data Logger/ USB Port
- Large Wash Space Capacity
- Tinted Tempered Glass Door
- Active Hot Air Drying
- 65k Vivid Color Touch Screen
- Ten 8" x 11" IMS Cassette Capacity
- Ethernet Connection
- PIN protected w/ User ID

Refurbished Amsco 444 Washer/

Disinfection System

- Vertical Sliding Door
- Automatic Detergent Injection
- Tinted Tempered Glass Door
- Dual Speed Pump (7.5 hp/ 2hp)
- Processes (8) full size instrument trays in 35 to 42 minutes
- Drying temperature range 150 degrees F (66 deg C) to 240 degrees F (116 deg C)
- Double-walled insulated chamber
- Thermal Printer
- Up to 1.5 hrs continuous operation

Refurbished Reliance Synergy Washer/

Disinfection System

- Vertical Sliding Door
- Automatic Detergent Injection
- Tinted Tempered Glass Door
- Dual Speed Pump (7.5 hp/ 2hp)
- Processes (8) full size instrument trays in 29 to 42 minutes
- Drying temperature range 150 degrees F (66 deg C) to 240 degrees F (116 deg C)
- Double-walled insulated chamber
- Thermal Printer
- Up to 1.5 hrs continuous operation
- Power Doors open and close automatically

steam generators

New steam generator from Reimers. Refurbished generators from Electro-Steam and Chromalox also available.

Standard equipment of each Steam Generator includes:

Primary low water cutoff control with automatic reset, secondary low water cut off with manual reset, safety relief valve, pressure gauge, one (1) primary high pressure cutoff control with automatic reset, one (1) secondary high pressure control with manual reset and PID-step control with number of heating stages depending on boiler size.

**RB10 – RB30
Steam Generator
Series**

**RX36 – RX120
Steam Generator
Series**

**RHP120 – RHP300
Steam Generator
Series**

**RHP360 – RHP510
Steam Generator
Series**

**RHP600 – RHP750
Steam Generator
Series**
