Table of Contents

Since 1975 Future Health Concepts has concentrated on manufacturing the highest quality healthcare equipment available. Utilizing state of the art equipment, such as 3-D CAD solid modeling, fully automated punch press line, and highly-skilled craftsmen, we make it possible to produce equipment unparalleled in the marketplace.

FHC carries all the necessary equipment to supply your facility from blanket and fluid warmers, imaging tables, and patient monitors, all the way down to stethoscopes and surgical instruments to ensure we meet all of our customer's expectations. Since 1975, we have built our business mostly through equipment planners & referrals and are now contracted supplier's with some of the largest GPO's; Novation, MedAssets, Amerinet, Premier, and Quorum.

Blanket & Fluid Warmers

We offer a large variety of features and options for your convenience!

Future Health Concepts, Inc. offers a variety of Blanket and Fluid Warming Cabinets in both standard and custom sizes to meet individual requirements. As with all of our products, warming cabinets undergo stringent testing procedures during the manufacturing process to assure a long life, the highest quality, and accurate temperature settings. We offer standard sizes along with custom sizes to meet specific requirements.

Standard Features:

- Stainless steel or glass door
- Data logging of real time & temp w/ USB retrieval
- Keyed temperature lock out
- Push button digital operation
- Large dual digital displays
- Displays actual temperature and set point at all times
- Separate digitally controlled heating chambers
- Rapid warm time (2-6 hours depending on load)
- Uniform heating
- Fully insulated
- Audible & visual over-temp alarm
- UL/CUL approved
- FDA registered
- OSHPD pre-approved

Standard keyed temperature lockout

Optional door lock

Options:

- Mobile base or cart
- 18" depth
- Full recess
- Pass through chamber
- Left hand door hinge
- Keyed door lock
- Seismic brackets
- 220/240 V, 50/60HZ
- Custom sizes
- Solution baskets
- Touch-screen

FHCSWC1824-B-G

(Shown w/ optional s/s solution baskets)

Blanket & Fluid Warmers

All blanket warmers can be customized to fit your specifications!

FHCSWC24-G

FHCSWC24

Overall Size: 30" W x 26.5" D x 24.5" H

Chamber I.D.

26" W x 23" D x 15.25" H
5.27 cubic feet of storage
Temperature range: 90-160°F
Accuracy +/- 1°F of set point
1 adjustable shelf

Electrical

120v, 7.5 amp., 50/60HZ
.30 kw/hr, 1024 btu/hr
UL/CUL listed
FDA registered

FHCSWC36-G

FHCSWC36

Overall Size: 30" W x 26.5" D x 36" H

Chamber I.D.

26" W x 23" D x 25" H
8.63 cubic feet of storage
Temperature range: 90-160°F
Accuracy +/- 1°F of set point
2 adjustable shelves

Electrical

120v, 7.5 amp., 50/60HZ
.30 kw/hr, 1024 btu/hr
UL/CUL listed
FDA registered

FHC Optional Mobile Stands

FHCT0007: 26"W x 34"D x 34"H

Recommended for models FHCSWC24 & FHCSWC36

FHCT0023: 26"W x 20"D x 34"H

Recommended for models FHCSWC1518 & FHCSWC1824

(If ordered w/ warmer add -MS to model #)

FHCT0007

FHCT0023

BLANKET & FLUID WARMERS

Blanket & Fluid Warmers

(Shown w/ optional mobile base)

FHCSWC2460

Overall Size:

24" W x 20.5" D x 64.75" H
3 adjustable shelves

Chamber I.D.

20" W x 17" D x 49.5" H
13.05 cubic feet of storage
Temperature range: 90-160°F
Accuracy +/- 3°F of set point

Electrical

120v, 7.5 amp., 50/60HZ
.49 kw/hr, 1678 btu/hr
UL/CUL listed
FDA registered

(Shown w/ optional mobile base)

FHCDWC24

Overall Size:

30" W x 26.5" D x 74.5" H
17.2 cubic feet of storage
3 adjustable shelves

Upper Chamber I.D.

26" W x 23" D x 15.25" H
5.27 cubic feet of storage
Temperature range: 90-160°F
Accuracy +/- 1°F of set point

Lower Chamber I.D.

26" W x 23" D x 34.5" H
11.93 cubic feet of storage
Temperature range: 90-160°F
Accuracy +/- 3°F of set point

Electrical

120v, 12 amp., 50/60HZ
.75 kw/hr, 2557 btu/hr
UL/CUL listed
FDA registered

***Number of blankets will depend on thickness of blankets, positioning, and fold.**

Warranty

All warming cabinets manufactured by Future Health Concepts, Inc. (FHC) will carry a lifetime guarantee against product craftsmanship, **1-year labor and 5-year parts guarantee**. The factory will service all units without cost to the buyer for 1-year from shipment. After the 1-year period, replacement of a defective part (labor) will be at buyer's expense. We will exchange all defective parts at no cost to the buyer for a period of 5-years from shipment. All defective parts must be returned within 30 days to ensure proper credit. An RA from Future Health Concepts, Inc. must be obtained prior to items return.

Imaging Tables

BI058-840

Biodex C-Arm 840 Surgical Table:

- Low attenuation carbon fiber tabletop, w/ choice of standard contoured or rectangular design
- Contoured tabletop features face cutout for comfortable prone positioning
- High-speed actuators assure quick, 3 axis, motorized, tabletop positioning
- Includes hand & foot-operated controllers
- Free-float X-Y tabletop
- 500-lb patient capacity
- Low profile base for C-Arm clearance
- Accessory rails
- Both AC & battery power are standard

The Biodex Surgical C-Arm Table 840 is designed for image-guided procedures where stability, access, and precise, quiet, vibration-free positioning are essential. A cantilevered low attenuation carbon fiber tabletop, w/ choice of contoured or rectangular design, accommodates portable or ceiling-suspended C-Arms. The extra-large radiolucent area, free-float X-Y tabletop, motorized control of height, lateral roll, Trendelenburg motions and catheter tray extension make the Biodex 840 Surgical C-Arm Table ideal for cardiovascular procedures.

The Biodex 846 Surgical C-Arm Table is designed for procedures where stability, access and precise, quiet, vibration-free positioning are essential. A cantilevered low attenuation carbon fiber tabletop, w/ choice of contoured or rectangular design, accommodates portable or ceiling-suspended C-Arms. The standard contoured top of the Biodex 846 surgical table, allows ample workspace for anesthesiologists, yet the narrowness required for cervical procedures. The rectangular top offers additional space to allow for superior image quality for long-leg runoff studies and is an ideal surgical table for both pain care and cardiovascular applications.

BI058-846

Biodex C-Arm 846 Surgical Table:

- Low attenuation carbon fiber tabletop, w/ choice of standard contoured or rectangular design
- Contoured tabletop features face cutout for comfortable prone positioning
- High-speed actuators assure quick, 3 axis, motorized, tabletop positioning
- Includes hand & foot-operated controllers
- Free-float X-Y tabletop
- 500-lb patient capacity
- Low profile base for C-Arm clearance
- Accessory rails

Imaging Tables

BI058-870

Biodex Pain Management C-Arm 870 Surgical Table:

- Measures 93"L x 26" with OR accessory rails
- Table top measures: 90"L x 24" W
- 2" thick mattress
- Height adjustable from 30" to 40"
- Trendelenburg 0° to 20°
- Reverse trendelenburg 0° to 20°
- Lateral roll 0° to 20°
- Hand control actuates all modes
- Locking 5" swivel casters
- 500 lb. weight capacity
- 115 VAC or 230 VAC
- Low profile base for C-arm clearance

The Biodex Pain Management C-Arm 870 operating table is carefully constructed to provide enhanced stability, access, and precise, quiet, vibration-free positioning during usage. With a low attenuation carbon fiber tabletop and high-speed actuators for quick, three axis motorized tabletop positioning, the Pain Management C-arm surgical table ensures each operator gets flexible and easy pain care management. A 2 inch thick mattress and 500 pound weight capacity provides comfort for even the heaviest patients. The choice of standard contoured or rectangular design allows customers to select the tabletop that best fits the need to achieve maximum image resolution.

Also available: Biodex Pain Management C-Arm 878 Surgical Table:

- Same as 870 surgical table, but with 30" top and battery

FHC-SUSL

Carbon Fiber X-Ray Imaging Table:

- Diving board style for easy c-arm access
- Large patient capacity- 500 pound load
- 2" high quality patient comfort pad
- Facial Cut-out for prone procedures
- Lightweight - easy to physically move the table
- 24" top eliminates need for arm boards
- Simple to use, top quality wheel locks
- Easy patient transfer to table

FHC Streamline SUSL-1 Imaging Table:

Low-high 28" to 38" 120v

FHC Streamline SUSL-2 Imaging Table:

Low-high 28" to 38", and lateral tilt (+-) 17°, 120v,

FHC Streamline SUSL-3 Imaging Table:

Low-high 28" to 38", lateral tilt (+-) 17°, and trendelenburg (+-) 20°, 120v

***Three Year Parts & Labor Warranty**

FHC Streamline SUSL-4 Imaging Table:

Low-high 28" to 38", lateral tilt (+-) 17°, and trendelenburg (+-) 20°, and longitudinal slide of 10" head to foot (plus or minus 5"), 120v

FHC Streamline SUSL-5 Imaging Table:

Low-high 28" to 38", lateral tilt (+-) 17°, and trendelenburg (+-) 20°, longitudinal slide of 10" head to foot (plus or minus 5"), and lateral side to side 10" (plus or minus 5"), 120v

Surgical Lights

FHC AIM-LED Examination Light

- **Illuminance:** 45,000 lux at 1 meter
- **Color Temperature:** 4500°K
- **Diameter of Lighthouse:** 18"
- **Light Field Diameter:** 6.5 - 12"
- **Focusing:** Twist handle
- **CRI (Color Rendering Index):** 95
- **Rotation:** 360° (limitless) on single ceiling models
- **Sterilizable Handle:** Removable
- **Number of Bulbs:** 3 LED modules
- **Light Source:** LED
- **Rated life of LED Lamp:** 50,000 hours
- **Mounting Options:** ceiling, wall, or roll stand
- **Warranty:** 5 year limited warranty

The new AIM-LED combines the smart and versatile design of the AIM light, with the efficiency and longevity of an LED light. This LED surgery light provides 10% more illumination than the already high performing AIM-50 and 10 times more life than halogen light sources, with half the power. The 92 CRI rating of the surgery light creates accurate color visibility for a completely accurate diagnosis.

FHC Mira LED Surgical Light

- **Illuminance:** available in 50,000, 65,000, and 90,000 lux
- **Color Temperature:** 4500°K
- **Diameter of Lighthouse:** 18"
- **Light Field Diameter:** 6.5 - 12"
- **Focusing:** Twist handle
- **CRI (Color Rendering Index):** 95
- **Rotation:** 360° (limitless) on single ceiling models
- **Sterilizable Handle:** Removable
- **Number of Bulbs:** 36
- **Light Source:** LED
- **Rated life of LED Lamp:** 50,000 hours
- **Mounting Options:** ceiling, wall, or roll stand
- **Warranty:** 5 year limited warranty

As the latest advancement in minor surgery and diagnostic lighting technology, the Mira Series LED Surgical Light's precisely positioned LED's ensure superior shadow control, depth of field, and light intensity. A slim design and control pad on the lighthouse provide reduced workspace clutter and easy access to light functions. With a CRI of 95 and color temperature of 4500K, the Mira LED Medical Light creates outstanding color accuracy for minor surgeries and examinations.

Surgical Lights

FHC CoolSpot II Examination Light

- **Illuminance:** 60,000 lux at 1 meter
- **Color Temperature:** 4300°K
- **Light Field Diameter:** 2 - 10"
- **Focusing:** Adjustable by rotating center handle
- **CRI (Color Rendering Index):** 94
- **Rotation:** extension pivots 320° on ceiling
- **Sterilizable Handle:** Removable
- **Number of Bulbs:** 1
- **Light Source:** Halogen, 150 W
- **Rated life of Halogen Lamp:** 600 hours
- **Mounting Options:** single/double ceiling, floor, & wall
- **Warranty:** 5 year limited warranty

Offering extremely white and pure light, the CoolSpot II examination light ensures high-intensity and long-lasting bulb life of 600 hours average on standard setting. The guaranteed no-drift arm and removable, autoclavable center Sterihandle design provide easy maneuvering and simple removal to secure sterilization of the exam light for any necessary procedure.

FHC MI-1000 Excel LED Procedure Light

- **Illuminance:** 65,000 lux at 1 meter
- **Color Temperature:** 4300°K
- **Focal Length:** 39'
- **Focusing:** Adjustable by rotating center handle
- **CRI (Color Rendering Index):** 85
- **Rotation:** extension pivots 320° on ceiling
- **8 inner optics:** clear acrylic, multi-source
- **Light Source:** LED
- **Rated life of LED Lamp:** 50,000 hours
- **Mounting Options:** single/double ceiling, floor, & wall
- **Warranty:** 1 year parts & labor warranty

The MI-1000 surgical/procedure light is perfect for users who like long lasting durability and low overall maintenance costs. The FHC MI-1000 LED surgical light combines energy-conscious functionality at an economical price. With very low heat from both light beam and light head and whiter, more natural light, the MI-1000 surgical LED light has the highest efficiency with the lowest power consumption. With an improved level of tissue rendition and excellent shadow control, the MI-1000 surgical light is the cutting edge in surgery light technology.

Transport Stretchers

FHC7200

FHC 7200 MobileCare Transport Stretcher

Standard Features:

- 5th Wheel
- 8" Tente total/directional locking casters
- Brake steer pedals all 4 corners & both ends, 6 total
- Dual cylinder Fowler assist
- Dual pedestal lift mechanism
- Trendelenburg/reverse Trendelenburg
- Lift/Trendelenburg pedals on both sides
- Fold forward side rails w/ built in push handles
- 4" standard mattress
- 2 hook removable slow descent telescopic I.V. pole
- I.V. pole sockets at all corners
- O2 storage underneath stretcher top

Optional Features:

- Fold down push handles
- Manual knee gatch
- Manual Fowler

Specifications:

Overall dimensions: 83" long x 31" wide
Patient surface: 75" long x 26" wide
Height adjustment range: Min 23"/Max 35"
Trend/reverse Trend: +/- 18°
Fowler position: 90°
I.V. attachment sockets: 4
Weight capacity: 750 lbs

Stretcher Pad Specs:

Overall dimensions: 83" long x 31" wide
Patient surface 75" long x 27" wide

Surgical Scrub Sinks

ES Series Surgical Scrub Sink Features & Options:

Our ES series scrub sinks were developed to be the answer to space and economical constraints. The ES series sinks have a smaller outside dimension, but still have a deep basin to allow for a proper scrub. The operation of the ES sinks are the same as that of the SS series sinks but the features vary.

How to Order Our ES Series Scrub Sinks:

Options Available	Infrared Operation	Manual Bypass to add Knee Operated Water and Soap With IR Operation	Knee Operated Soap With IR Operation (Soap is not a standard feature w/ knee operated water on ES series sinks)	Foot Operated Soap (All Sinks)	Digital Scrub Timer	Eye Wash	220-240V	Pedestal Base
Option Extension	IR	MB	KSP	FSP	TM	EYE	220	PB

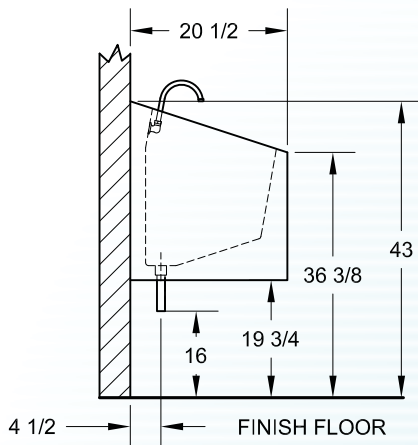

Example: Model # FHCES47 Knee Operated Soap and Eye Wash with Pedestal Base = Our Model # FHCES47-KSP-EYE-PB

Surgical Scrub Sink Utility Requirements:

Utility	Connection On Unit	Pressure Range	Temperature	Consumption
Drain	1 1/2" x 6" Tail Piece	N/A	N/A	N/A
Cold Water	1/2" NPT	20-50 PSIG	70 Degree F. Max	2 GPM Per Station
Hot Water	1/2" NPT	20-50 PSIG	180 Degree F. Max	2 GPM Per Station
Electrical (IR Units Only)	120v	N/A	N/A	N/A

We will exchange all defective parts at no cost to the buyer for a period of one year from shipment. All defective parts must be returned within 30 days to ensure proper credit. An RA from Future Health Concepts, Inc. must be obtained prior to items return.

Surgical Scrub Sinks

SS Surgical Scrub Sink Options:

Knee Operated Surgical Scrub Sinks:

To operate the sink, simply press the knee panel one time to activate water flow, press again to stop flow. The soap panel works in a pumping fashion with soap being dispensed through a stainless steel spout located near the mixing valve. The base has been designed to accommodate gallon sized soap container storage behind the knee panels.

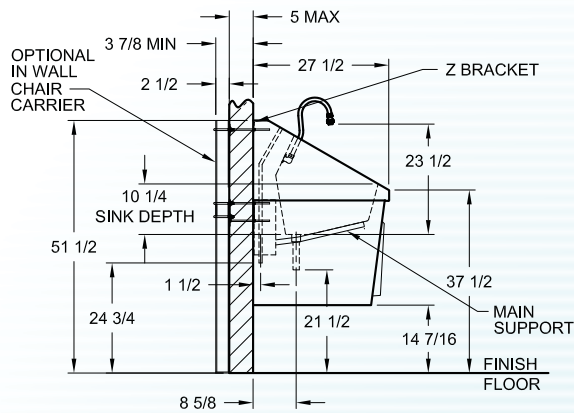

Deluxe Surgical Scrub Sinks:

Built as a hybrid, these sinks have dual controls. They are Equipped with an infrared operated water control as well as a manual bypass for knee operated water control. The main operation is via infrared sensor located between the knee panels. The operation for water control is on standby as a backup. In addition, the sink is also equipped with knee operated soap.

Anesthesia Machines

FHC offers top quality new anesthesia machines from Penlon.

Penlon Prima 450 Anesthesia System:

- Electronic flow display & conventional flowmeter options available
- AV-S ventilator
- A200SP absorber
- Sigma Delta vaporizer
- Electronic flow display
- 6 ventilation modes
- New top shelf w/ secure GCX mounting system for patient monitors
- Territory-specific electrical outlet options
- Selectactec compatible back-bar (1 or 2 stations)
- Illuminated work space
- Large capacity drawer units
- GCX compatible aluminum uprights for additional accessory mounting
- Integrated CO2 absorber and bellows unit w/ ventilator interface
- HIS connectivity
- Intuitive design in compact footprint
- Low total cost of ownership

2 Year Warranty!

- New top shelf w/ secure GCX mounting system for patient monitors
- Territory-specific electrical outlet options
- Selectactec compatible back-bar (2 or 3 stations) w/ interlock on 3 station option
- Up to 4 cylinders
- Illuminated work space with pull-out writing surface
- Large capacity drawer units
- GCX compatible aluminum uprights for additional accessory mounting
- Integrated CO2 absorber and bellows unit w/ ventilator interface
- HIS connectivity
- Intuitive design in compact footprint
- Low total cost of ownership

2 Year Warranty!

PEPRIMA460

Anesthesia Machines

Datex Ohmeda Aespire S/5 7900 Anesthesia Machine:

- Enhanced monitor integration capabilities with Datex-Ohmeda anesthesia monitor
- Optional integrated auxiliary O2 flowmeter and suction control/pressure waveform available
- Advanced breathing system (ABS TM)
- One-step bag/vent switch turns ventilator on/off
- Minimal number of parts and tube connections greatly reduces the potential for leaks and misconnects
- Easy disassembly (no tools required)
- Fully autoclavable and latex-free
- 7900 ventilator s/n - volume and pressure modes with electronic peep
- Exhaled volume airway pressure and inspired oxygen monitoring capabilities
- Direct access to ventilator parameter settings
- Smart alarms direct user to specific problems and affected parameters
- Pressure bar graph for visual reference on a breath-by-breath basis
- Improved low flow/reduced life cycle costs
- Only one scheduled maintenance check per year

Datex Ohmeda Aestiva 5 Anesthesia Machine:

- Enhanced monitor integration
- Lightweight and compact
- Advanced breathing system
- Fully autoclavable and latex-free
- Oxygen monitoring capabilities
- Volume and pressure modes with electronic peep
- Improved low flow/reduced life cycle costs
- Superior 7900 SmartVent technology
- Optional: integrated auxiliary O2 flowmeter and suction control, and pressure waveform available

Drager Narkomed GS Anesthesia Machine:

- Air O2 & N2O flow control assembly with yokes
- Triple exclusion system absorber system complete with hoses & peep system scavenger
- O2-Med FIO2 monitor w/ new fuel cell/sensor cable
- Breathing pressure monitor
- Respiratory volume monitor
- Ave elect. ventilator w/ ascending latex-free bellows & insp. pressure limiter
- ORC O2 ratio monitor
- Drawer assembly w/ central key locking system
- Built-in monitor
- 5" casters w/ front wheel locks
- Nasal O2 flowmeter & vacuum regulator

***One year parts and labor warranty on all refurbished anesthesia machines. Excludes travel time, rubber components, monitor sensors, fuel cells, seals, gaskets and other expendable items. Anesthesia machine warranty service must be performed by FHC or an authorized agent.**

Anesthesia Machine Parts

From ventilators to vaporizers, we have all the anesthesia parts you need.

PE5005005

Penlon Nuffield 200 Ventilator:

- Pneumatically driven time-cycle ventilator
- Preset volume & flow rate for adult or pediatric
- Easy-to-use
- Compact
- Multi-use capabilities - (Co-axial circuit, Ayre's Tee Circuit, Circle System, Resuscitation)
- Use w/ Newton Valve to deliver ultra low tidal volumes for neonates/premature babies

Penlon Sigma Delta Vaporizer:

- Superb performance, particularly at low flow
- Four backbar mounting systems
- Multiple agent and filler block options
- Low body weight
- Key fill, Quik Fil, or Pour fill
- Sevoflurane, Isoflurane, Halothane & Enflurane
- Selectatec, Drager Plug-In, North American Drager, Cagemount
- Internationally recognized
- Award-winning design

PEVS8KS

FHC Fiber Optic Laryngoscope Blades:

- MAFO4310 - Mac #0
- MAFO4311 - Mac #1
- MAFO4312 - Mac #2
- MAFO4313 - Mac #3
- MAFO4314 - Mac #4
- MAFO4315 - Mac #5

FHC Miller, WIS & Paed Fiber Optic Blades:

- MAFO52200 - Miller #00
- MAFO5220 - Miller #0
- MAFO5221 - Miller #1
- MAFO5222 - Miller #2
- MAFO5223 - Miller #3
- MAFO5224 - Miller #4
- MAFO7230 - WIS #0
- MAFO7231 - WIS #1
- MAFO7232 - WIS #2
- MAFO7233 - WIS #3
- MAFO7234 - WIS #4
- MAFO92250 - WIS Pediatric #0
- MAFO92251 - WIS Pediatric #1
- MAFO92251.5 - WIS Pediatric #1 1/2

MAFO8102

FHC Small F.O. Battery Handle:

- Small F.O. battery handle for two AA batteries, complete

MAFO8103

FHC Stubby F.O. Battery Handle:

- Stubby fiber optic battery handle, 2.5v

We carry a full line of anesthesia parts & accessories to accommodate your needs. Ask your rep if we have what your facility needs!

Anesthesia Machine Parts

FHC Continuous Analog Vacuum Regulator:

- Continuous analog vacuum regulator w/ Ohmeda adapter & tubing nipple
- High (0 - 760mm)
- Easy to service and clean
- Smallest & lightest unit on the market (10oz)
- Can be easily upgraded (intermittent/digital)
- Color-coded gauges
- ABS polymer casing is impact resistant & durable
- Same housing for both continuous and intermittent
- Reinforced inlets/outlets
- Removable back plate and gasket
- Can be sterilized internally w/ cold disinfectant
- Designed to meet all current CGA, HCA, & FDA requirements
- Also available with: Chemtron, Puritan Bennet and DISS connectors

***12 Year Warranty!**

Intermittent also available!

Multiple Color Options!

FHCVR-CHUT-OMA

FHC O2 Flowmeter with Ohmeda Adapter:

- Available in USA and ISO colors
- Smallest and lightest chromed brass bodied flowmeter in the industry
- Color-coded inner tube and labeling
- Easy to service
- No strip "D" shape knob
- Includes an inlet filter and inlet extension
- Complete line of flowmeters from neonatal to adult
- Available in standard Thorpe style & Dial style
- Standard 1/8" FNPT connection, but may also be fitted with different adapters & accessories to customize your needs
- MRI options are available
- Available with Chemtron adapter, Ohmeda adapter, Puritan Bennett adapter, and 1/8" NPT female adapter

***5 Year Warranty!**

FHCFM-15UO-OH

Dial Styles:

- Available in Oxygen in 25, 15, 8, & 4 LPM
- Available in Medical Air in 25 & 15 LPM
- Smallest and lightest in the industry
- Small increment is 1/32
- Color-coded labeling for specific gas
- Encased in an anodized aluminum housing
- Easy to read window

Patient Monitors

FHC offers a full line of vital sign & anesthesia monitoring.

Star 60 Color Patient Monitor:

- 10.4" High resolution backlit LED display
- 6-channel Multi-parameter monitor
- Standard parameters: ECG, respiration, dual temperature, NiBP, SpO2 (Nellcor), IBP
- Upgradable to (internal/external), Microstream EtCO2 (with IPI™)
- ST segment analysis & Arrhythmia detection
- Advanced alarm management system including Satseconds™
- WiFi connectivity with Central Nursing Station (Optional)

Star 90 Color Patient Monitor:

- 10 channel sleek, slim monitor
- 15" high resolution (touch) color backlit LED display
- Modular form with inbuilt rack
- Basic configuration: ECG, SpO2, NiBP, dual temperature, dual IBP, respiration
- OxyCRG & Drug dose calculation
- Multiple screen formats w/ auto-format screen
- Adult, pediatric and neonatal applications
- 240 hours of graphical & tabular trends
- External modules and host of pluggable device connectivity
- 2 hours of battery backup
- 24 hrs waveform storage and download
- Specialty module options: NiCCO, EtCO2 (with IPI™)
- WiFi ready
- Wireless connectivity to CNS Skyline 55 & Skyview mini
- Eco-friendly data manager
- Advanced alarm management system

PATIENT MONITORS

Patient Monitors

FHC offers a full line of vital sign & anesthesia monitoring.

Star 55 Color Patient Monitor:

- 8 channel monitor with 12.1" high resolution TFT display
- Adult, pediatric, & neonatal applications
- User selectable display formats & waveform color
- 72 hours tabular & graphical trend
- Multiple communication options (USB, PC dump)
- Go-to & home key for quick access to functions
- Interface with Skyline 55's central monitoring system
- Optional: anesthesia gas monitoring, CO2

LAF386390061027

AGM 55 Module:

- Anesthesia gas monitoring module
- Compatible with Star 90 and Star 55 monitors
- Detection of 5 agents and 3 gases
- Auto detection of primary and secondary agents
- Measurement and display of MAC value

LAF386390056371

Nihon Kohden Cardiofax Interpretive 12-Lead ECG Recorder

- 12-leads at one time
- Selectable ID for record documentation
- Large color screen display
- Internal memory capacity of 40 ECG files
- SD memory card capacity of 3000 ECG files
- Compact design
- Variety of page formats for 12 leads/rhythms
- Light, flexible leadwire adapters
- Accommodates many electrode styles
- Patient cable protects units against high voltage shock
- Initiates recording in 4 seconds
- AC or rechargeable battery operation

NIECG-1350A

***Four Year Warranty**

Patient Monitors

BLT V6 Patient Monitor:

- 7" color, anti-glare TFT LCD display
- Parameters: (NiBP, SpO2, CO2, Temp)
- Recorder
- Two-trace digital field
- Hr/Pr SpO2 NiBP (systolic diastolic & mean)
- Screen display of alarm limits or disable status
- Pr range 20 to 250 bpm
- SpO2 0 - 100% display of plethysmograph
- Pulse strength & SpO2 valves
- Noninvasive blood pressure range 10 to 270 mm hg accuracy +/- 3mm hg
- Instant infrared ear thermometer w/ one box thermometer probe covers
- Alarm settings for all parameters
- 5000 groups NiBP measurement data review
- Rechargeable lithium-ion battery (4000ah)

BIV6-T-R

***One Year Parts & Labor Warranty**

SpotSkan Spot-Check Vital Sign Monitor:

- 6.5" color TFT display
- Capacitive touch keypad
- SpO2 with Plethbar
- Quick temperature measurement
- NiBP measurement
- Pulse rate from SpO2/NiBP
- Adult and pediatric applications
- 12 patients' history storage
- Thermal recorder printer
- Battery back-up

LAF3-85-390-0335-13

Monitor Stands & Mounts

Medical Monitor Stands:

- Load capacity up to 25 lbs.
- Overall height: 42"
- Sturdy 25" base
- 3" locking casters
- 5" slide-in monitoring plate or VESA 75/100 plate
- Optional accessories available

Part #s:

- Planet 55 - LAFSTAND-55
- Planet - LAFSTAND-P
- Star - LAFSTAND
- Stellar - LAFSTAND-S

***5 Year Warranty!**

AMSSM-150

FHC 22" Double Pivot Monitor Arm:

- 22" extension
- 30 lb. arm rating
- $\pm 30^\circ$ tilt
- Integrated & intelligent cable management
- Tilt and swivel adjustments
- Swivel arm provides lateral functionality
- Compatible w/ Ergotron & Rubbermaid computer carts

***5 Year Warranty**

AMSSM-350

FHC 16" Double Pivot Monitor Arm:

- 16" extension
- 30 lb. arm rating
- $\pm 30^\circ$ tilt
- Integrated & intelligent cable management
- Tilt and swivel adjustments
- Swivel arm provides lateral functionality
- Compatible w/ Ergotron & Rubbermaid computer carts

***5 Year Warranty**

AMSSM-050

FHC Monitor Arm:

- 9" or 12" single arm lengths
- Available for wall channel or rail mounting
- 60 lb. arm rating
- Integrated & intelligent cable management
- Tilt and swivel adjustments
- Swivel arm provides lateral functionality
- Color options available (white is standard)

***5 Year Warranty**

Monitor Accessories

We offer a large selection of brand compatible cables such as: SpO2, ECG, EKG, NiBP, and temperature sensors!

MONITOR ACCESSORIES

SpO2 Cables & Sensors

Direct Connect Sensors
9 foot cable

Short Sensors
3 foot cable

Disposable Sensors
3 foot cable

Adapter Cables
1, 4, 7, 8, 10 or 12 feet

SpO2

Compatible SpO2
probes, adapters and
accessories

SpO2 Accessories

SpO₂ Cables & Sensors

Choosing your SpO₂ probe

Adult Clip

Best for a secure grab and for short-term, spot-checking.
Patient size: >85lbs

Adult Soft

Best for patient comfort and long-term care.
Patient size >85lbs

Pediatric Clip

Stronger hold for the little ones that like to move.
Patient size: 30 – 85lbs

Pediatric Soft

A more gentle grab for longer-term monitoring.
Patient size: 30 – 85lbs

Infant Soft

A gentle option for the smaller ones. Patient size: 6 – 30lbs.
Select models only.

Neonate Wrap

Gentle foot wrap for newborns.
Patient size: 2 – 7lbs

Multi-Site

A versatile option for all patient sizes. Apply on foot, finger or ear lobe (with attachment).

Adult Ear Clip

Best choice for patients with low perfusion or burns.
Select models only.

Adult Finger Wrap

An alternative option for adult finger application.
Select models only.

Amsco, Baxter, Berchtold, Biodex, Burdick, Castle, Critikon, Datascope, Datex Ohmeda, Dinamap, Eschmann, GE, Gomco, L&T, Marquette, Medfusion, NarkoMed, Nihon Kohden, Olympus, Physio Control, Champagne, Skytron, Steris, Stryker, Welch-Allyn, Zimmer, & Zoll

We carry all the monitor and sterilizer paper you need. If you don't see what you're looking for, ask your sales rep if we carry the right medical paper for you.

Defibrillators

Zoll M Series Biphasic Defibrillator w/ Pacing

GENERAL

- Size: 6.8" (17.3 cm) H x 10.3" (26.2 cm) W x 8.2" (20.8 cm) D
- Weight: 11.5 lbs (5.23 kg) with Multi-Function Cable and battery; 13.5 lbs (6.14 kg) with paddles
- Design Standards: Meets or Exceeds UL Standards

ECG MONITORING

- Patient Connection: 3, 5 or 12 -lead ECG cable, paddles or MFE Pads.
- Bandwidth: 0.5-40 Hz (-3 dB) or 0.5-30 Hz; 0.05-150Hz diagnostic
- ECG Size: 0.5, 1, 1.5, 2, 3 cm/ mV – display on monitor
- Heart Rate: Digital display 0-3000 bpm \pm 5%

DISPLAY

- Screen Type: High-resolution display
- Screen Size: 5.6" (14.2cm) diagonally
- Sweep Speed: 25mm/ sec
- Viewing Time: 4 seconds
- Channels: 2

DEFIBRILLATOR

- Waveform: Damped Sinusoid or Zoll Rectilinear Biphasic
- Energy Selection: Selectable 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 15, 20, 30, 50, 75, 100, 150, 200, 300, 360 joules. (Delivered into 50 Ω load.)
- Charge Time: Less than 7 seconds with new fully charged battery
- Paddles: External anterior/anterior adult and pediatric

ZOMBP

ZOMCCTBPSNI

Zoll M Series Biphasic Defibrillator w/ SpO2, NIBP, IBP Advisory AED

- ZOLL XL battery for long transport times
- Transport-ready design
- Easy-to-read-display
- Full range of parameters for a full range of patients
- Flexible color display
- Quick, easy connections
- Ready to gather and share critical data

ZOAED-PLUS

Zoll AED+ Defibrillator

- Lightweight of 6.7 lbs.
- Easily identifiable green exterior
- Uses low-cost consumer batteries
- Voice prompts provide feedback and encouragement
- LED lights show rescuer proper steps in order
- One piece CDR-D padz

FHC-LIFEPAK12-B

Physio Control Lifepak 12 Biphasic Defibrillator w/ Pacing

- Compact and portable
- Choice of standard, pediatric, and or sterilizable internal and external paddles
- Compatible w/ QUIK-COMBO® pacing/defibrillator/ECG electrodes
- Masimo SET® pulse oximetry offers accurate and stable oxygen saturation monitoring
- Oscillometric (NiBP) monitoring
- End-tidal CO2 (EtCO2) monitor
- GE Marquette 12SL™ ECG analysis program
- Either 50mm or 100mm printers
- Data Storage: up to 50 patient records

Medical Carts

FHC offers a full line of medical, crash, anesthesia carts, cart packages, & cart accessories to ensure all your medical cart needs are met! Each of our cart packages & accessories are sold separately to allow customers to customize individual carts to their specific needs.

Medical Cart Features:

- Antimicrobial properties built in to protect portions of the product.
- Double wall construction
- Ball bearing slides with quick release
- Easy grip solid poly handles
- Stabilizer base w/ high impact, non-marking plastic bumper to add stability and keep cart from tipping
- 5" Premium easy roll casters (2 braking, 1 tracking, 1 swivel)
- ABS plastic top
- Premium latex-free powder coat paint
- Pre-threaded holes on side & back to easily mount accessories

Drawer Configurations: 3, 4, 5, or 6 drawers available for most carts. Pediatric carts available in 9 or 10 drawers.

FXRL-433669-RED

Locking Options Available:

- Key lock
- Push button lock
- Lever/Breakaway lock
- Electronic lock
- Proximity lock

FTGS-433369-DKB

(Traditional Steel shown)

Small, easy-to-clean & removable work surface.

Pre-drilled holes to mount accessories.

Advanced nylon reinforced poly carbonate bumper offers a wider wheel base for more stability while offering superior protection. Single piece construction that resists scuffs & scratches.

5" Premium "Easy-roll" sealed bearing casters with precision bearing swivels. Thread guards minimize sutures and other materials from collecting around axles and keep carts rolling smooth.

Medical Carts

Drawer Colors Available for Most Carts:

Available Cart Sizes:

ALUMINUM:

Elite Aluminum Unicarts:
29"W x 24.5"D
(Includes stabilizer base)
Drawer interior dimensions:
22"W x 16.5"D

Elite Aluminum Med-Jr. Carts:
23"W x 24.5"D
(Includes stabilizer base)
Drawer interior dimensions:
16.5"W x 16.5"D

STEEL:

Steel Unicarts:
29"W x 24.5"D
(Includes stabilizer base)
Drawer interior dimensions:
22"W x 16.5"D
*Includes required 4" top drawer

Steel Med-Jr. Carts:
23"W x 24.5"D
(Includes stabilizer base)
Drawer interior dimensions:
16.5"W x 16.5"D

Cart Size Options:

1. Choose a cart size (Short, Tall, X-Tall)
2. Select any combination of 3", 6", 9" or 12" drawers that fit within your cart's configurable drawer space.
3. Select drawer front colors based on color options below.

Build Your Part Number: (Ex: FTGKA-33669-RED)

Section 1 Letters:

- 1..."F" (for FHC cart)
- 2..."S" = Short, "M" = Medium, "T" = Tall, "X" = X-tall exterior
- 3..."B" = Blue, "G" = Lt. Gray, "R" = Red exterior ("W" = wood, Tall exteriors only)
- 4..."K" = key, "L" = lever, "S" = simplex, "E" = electronic, "P" = proximity
- 5..."A" = aluminum (Traditional Steel if no 5th letter)

Section 2 Letters:

- 1...Height of 1st drawer
- 2...Height of 2nd drawer
- 3...Height of 3rd drawer
- 4...Height of 4th drawer, etc.

(Total for sec. 2 must = 21in. for short cart; 27in. for tall cart; 30in. for X-tall cart)

Section 3 Letters: (3 letters signify color choice for drawer fronts. See page 2 of carts for color choices)

Medical Cart Accessories

Drawer Accessories:

2.5" Deep Configurable Gray Plastic Divider Tray

2.5" deep, includes dividers. Fits 2 per drawer, and typically used in 3" and 4" deep drawers.

9.25"W x 15"D x 2.5"H

FWDC-2025

4.75" Deep Configurable Gray Plastic Divider Tray

4.75" deep, includes dividers. Fits 2 per drawer, and typically used in 6", 9", and 12" deep drawers.

9.25"W x 15"D x 2.5"H

FWDC-2050

Lightweight Backside Cardiac Board Mount

Lightweight plastic cardiac board and metal mounting brackets for back side of Steel Unicart. Please see FCBB-7 for Aluminum Unicarts, FCBB-PC345 for FPC343 & FPC345. 24"W x 1"D x 18"H

FCBB-6

Oxygen Tank Mount

Plastic oxygen tank brackets with adjustable Velcro straps. For all Unicarts or Med Jr carts. For FPC343 or FPC345.

Please use part # FOTB-PC345.

FOTB-4

Metal Oxygen Tank Bracket

Can be mounted to all Unicarts and Med Jr carts.

FOTB-5

IV Pole

Chrome IV pole and mounting bracket. Mounts on Unicart, Med Jr, Medtrix, and DMC. For FER2000 please use part # FIV-3

FIV-2

Utility Hooks

Mounts to existing holes on either side or back of cart. 2 hooks per package.

FUH-2

Small Waste Basket

Small (6 qt.) plastic waste basket. Requires accessory rail.

9"W x 6.25"D x 8.8"H

FBSK-1

Large Waste Basket

Large (20 qt.) plastic waste basket. Requires accessory rail.

13"W x 8.5"D x 15"H

FBSK-2

Tilt Bins

Clear plastic tilt bins with white exterior. Available in 3, 4, 5, or 6 bin units. Mounts to base rail systems (FBRS-2, FBRS-3, or FBRS-JR)

**FTB-3
FTB-4
FTB-5
FTB-6**

Medical Cart Accessories

Drawer Accessories: (Continued)

Horizontal Rail System

For hanging accessories and mounting shelves on Unicarts. Includes 2 vertical and 3 horizontal rails.

FBRS-2 - Steel or Aluminum carts
FBRS-JR - Med Jr. carts

Wrap-Around Aluminum Railing

May be used to hang accessories.

FR-3 - Steel carts
FR-4 - Aluminum carts
FR-JR - Med Jr. carts

Collapsible Side Shelf

For Steel Unicart & Med Jr. Hangs on either side of cart.
Surface area: 17.5"W x 15"D

FSSG-2C

Accessory Side Rail

For Steel Unicarts or Steel Med-Jr carts. Rails for mounting various accessories to side of cart.

FSR-1

Accessory Back Rail

For Steel Unicarts or Steel Med-Jr carts. Rails for mounting various accessories to back of cart.

FCB-1

Plastic Cart Cover

For Unicarts. Includes 5 bags. Dimensions: 33" x 23" x 42"

FBAG-COVER5

Plastic Breakaway Seals

Can be used with lever locking systems, breakaway gate locks and FEMER-BOX divider trays.

FPS-100

Optional: Mobile Base (-MB)

Solution Stands

FHC Single Basin Ring Stand:

- Fully-welded stainless steel construction
- Overall size: 14"D x 14"W x 34"H
- Removable 7 quart stainless steel basin
- 2" casters cap swivel
- Accessible from any side with open frame design

FHC7809HB - optional 8 1/2 quart basin

Also available with lower stainless steel shelf - **FHC7807SS**

FHC Double Basin Ring Stand:

- Fully-welded stainless steel construction
- Overall size: 14"D x 28"W x 34"H
- Two removable 7 quart stainless steel basins
- Stainless steel lower shelf
- 2" casters cap swivel
- Accessible from any side with open frame design

FHC7810SS - optional 8 1/2 quart basin

Also available without stainless steel shelf - **FHC7808HB**

IV Stands

Constructed with fully welded stainless steel and tip-resistant base, the FHC IV stands are built with durability and reliability in mind. The FHC1315 and FHC1415 series IV poles give customers the option between hand or foot operated adjustment and the number of hooks to be included.

FHC1315 Series Hand Operated I.V. Pole:

- Fully welded stainless steel construction
- 2" swivel casters
- Tip resistant base
- 68" - 108" height adjustment
- Hand operated
- Five leg stand

FHC1315-2 - 2 hook design

FHC1315-4 - 4 hook design

FHC1315-6 - 6 hook design

FHC1415 Series Foot Operated I.V. Pole:

- Fully welded stainless steel construction
- 2" swivel casters
- Tip resistant base
- 68" - 108" height adjustment
- Foot operated
- Five leg stand

FHC1415-2 - 2 hook design

FHC1415-4 - 4 hook design

FHC1415-6 - 6 hook design

FHC1410 4-Leg Series I.V. Pole:

- 2" swivel casters
- Tip resistant base
- 68" - 108" height adjustment
- Hand operated
- Four leg stand
- Knocked-down design for low-cost shipping

FHC1410-2 - 2 hook design

FHC1410-4 - 4 hook design

FHC1410-6 - 6 hook design

FHC1510 5-Leg Series I.V. Pole:

- 2" swivel casters
- Tip resistant base
- 68" - 108" height adjustment
- Hand operated
- Five leg stand
- Knocked-down design for low-cost shipping

FHC1510-2 - 2 hook design

FHC1510-4 - 4 hook design

FHC1510-6 - 6 hook design

Also available:

FHC1610 - Six leg stand with 2, 4, or 6 hook design options

Linen Hampers

FHC Small Triangular Hamper:

- Fully welded, heavy gauge stainless steel construction
- 3" double ball bearing, swivel casters
- Full, heavy gauge stainless steel platform to support bags & ease of removal
- Overall size: 35"H x 57 1/4" perimeter
- Accommodates 18" diameter bags
- Available with foot control (FHC2301SS-FC)
- Larger hamper for 25" diameter bags available

Options:

- Foot operated stainless steel lid
- Rotating bumper guards over casters

FHC2301SS

FHC Large Circular Hamper:

- Fully welded, heavy gauge stainless steel construction
- 3" double ball bearing, swivel casters
- Full, heavy gauge stainless steel platform to support bags & ease of removal
- Overall size: 35"H x 25" diameter
- Accommodates 25" diameter bags
- Available with foot control (FHC2202SS-FC)
- Smaller hamper for 18" diameter bags available

Options:

- Foot operated stainless steel lid
- Rotating bumper guards over casters

FHC2202SS

Chrome Step-on Hamper w/ Lid:

- Lid dimensions: 18.63"W x 19.5"D
- Hamper height: 37.75"H
- White, polycoated steel lid
- Non-slip foot pedal
- Lid-locking ability for open position
- Supports 36 - 42 gallon bags (not included)
- Metal ring to keep bags in place
- Hamper bag storage pouch
- 3" hard wheel casters (2 locking)

2010

Footstools

EZ Stacking Interlocking Step Stool:

- Dimensions: 12"D x 18"W x 5"H
- Slip proof rubber tread surface
- Tip resistant
- Stools can interlock to form desired size platform
- Stools are stackable for increased height and storage
- Fully welded stainless steel construction

***Also Available:** FHC145 - Stacking Stool Carry Cart

Chrome Rigid Footstool

- Dimensions: 11 3/8"D x 14 1/4"W x 9 1/2"H
- Triple chrome plated steel
- All welded steel construction
- 17 weld points on each stool
- Non-slip black rubber mat
- Metal washers inside rubber tips to protect flooring surfaces

Chrome Rigid Footstool with Handle

- Dimensions: 11 3/8"D x 14 1/4"W x 9"H
- Measures 35 3/4" from top of rail to floor
- Triple chrome plated steel
- All welded steel construction
- 17 weld points on each stool
- Non-slip black rubber mat
- Metal washers inside rubber tips to protect flooring surfaces

Kick Buckets

- Base diameter: 24"
- California 117 fire resistant
- 3/4" thick composite substrate with steel reinforcement plate
- Adjustable seat back
- Seat back dimensions: 15 3/4" x 9 1/2"
- 18" diameter foot rest
- Standard with casters
- Weight capacity: 300 lbs.
- COM requirement 1 yd

Options:

- 7" stroke cylinder 19" - 26" (Order ex. IN873-7)
- Soft wheel casters or glides (Please specify)

IN873

Storage/Organization

Catheter Procedure Carts:

- QuadTruss® design makes shelves up to 25% stronger and provides a retaining ledge for increased storage stability and product retention
- Combination of hooks, shelves, and tote boxes give the versatility to hold all sizes and styles of catheter packages
- Adjustable components, shelves are vertically adjustable on 1" increments
- Hooks, shelf dividers, and tote boxes allow for easy organization
- Label holders provided to help in organization of inventory
- 5" diameter swivel casters with polyurethane tread, 2 with brakes

Stem Caster Carts:

- Open-wire construction to reduce dust build-up
- Variety of 5" x 1 1/4" casters available
- Four 63" posts
- Four shelves
- Plastic split sleeves
- Donut bumpers
- 68" overall height
- Fast assembly without tools
- Available in many different sizes

Storage/Organization

Cart Accessories:

Cart Covers:

- Lightweight cart cover
- Easy to handle
- Top corners are reinforced
- Choice of white coated, white uncoated, or transparent vinyl
- Coated cart covers available in blue and light green
- Choice of zipper or Velcro
- Double-flap option available

EACZC-54-1848

Storage Bins:

- Capable of being stacked, nested, and divided
- Storage bins help create an efficient storage and inventory system for a vast array of healthcare items
- Easily accessible and allows visual contact with items being stored
- Made of durable long-lasting polypropylene for years of usage

(Supply bins)

(Bulk supply tub)

(Exchange bins)

High Capacity Column Scale

- Wireless transmission, RS232 compatible
- Capacity: 660 lbs. / 300 kg./ 47 sts
- Graduation: 0.1 lbs. < 330 lbs. > 0.2 lbs. / 50 g < 150 kg. > 100 g / 0.1 lbs. < 23 sts > 0.2 lbs.
- Functions: TARE, pre-TARE, HOLD, BMI, mother/child-function, auto-HOLD, auto-CLEAR, lbs/kg switch over, damping, automatic switch-off, SEND/PRINT
- Measuring rod included
- Optional: telescopic measuring rod, power adapter, switch-mode, power adapter

Digital Column Scale

- BMI function
- Capacity: 450 lbs. / 200 kg
- Graduation: 0.2 lbs. / 100 g
- Functions: TARE, HOLD, BMI, lbs/kg switch-over, automatic switch-off
- Measuring rod included
- Optional: telescopic measuring rod, power adapter, switch-mode power adapter

Mechanical Column Scale

- Eye-level beam
- Capacity: 500 lbs. / 220 kg or 400 lbs. / 160 kg
- Graduation: 1/8 lb. / 50 g
- Functions: reset-to-zero function
- Measuring rod included

Diagnostic Equipment

Stethoscopes

We offer stethoscopes for all types of medical specialties including pediatrics, cardiologists, and clinicians, to ensure we fulfill all your diagnostic needs.

Otosscopes/Ophthalmoscopes

Our line of otoscopes offer high quality optics and workmanship with consumer budget in mind.

Diagnostic Equipment

Sphygmomanometers

From clock aneroid sphygs to pocket sphygs we carry all types of sphygmomanometers to give customers the best possible options.

Blood Pressure Cuffs

We have all the essential blood pressure cuffs for your facility with sizes ranging from newborn to adult.

Color Coded Cuff Sizes

NEWBORN	6cm to 11cm
INFANT	10cm to 19cm
CHILD	18cm to 26cm
ADULT	25cm to 35cm
LARGE ARM	33cm to 47cm
THIGH	46cm to 66cm

AB2

Wheelchairs

Traveler SE Series Wheelchair

- Black vinyl upholstery
- Chart pocket on back
- “Tool Free” adjustable front rigging
- Hammer tone paint provides durable finish
- Industry compatible front rigging
- 2-position axle and caster fork for 2” seat height and adjustment
- Maximum weight capacity of 250 lbs. (Evenly distributed)
- Meets Medicare code K0001 and K0002
- Limited 1 year warranty on side frames and cross braces

Traveler HD Series Wheelchair

- Embossed black leatherette upholstery with double inner lining for durability
- Hammer tone paint provides a durable finish
- Reinforced frame at all critical load-bearing points
- “Tool Free” adjustable front rigging
- Chart pocket standard on back upholstery
- 24” x 1” black plastic wheels with black handrims and non-marking polyurethane tires
- Front rigging with heel loops standard on swing-away footrests
- Durable aluminum black footplates
- 2-position axle and caster fork for 2” seat height and adjustment
- Maximum weight capacity of 500 lbs. (Evenly distributed)
- Meets Medicare code K0007
- 5 year warranty on side frames and cross braces

Surgical Instruments

Surgical Scissors

Full line of high quality surgical scissors available for any type of procedure requirement.

Thumb Forceps

Extensive line of thumb forceps available for all facility needs.

Forceps & Clamps

We supply a vast variety of forceps and clamps to meet all of your procedural and surgical demands.

Surgical Instruments

Retractors & Hooks

Multiple retractors and hooks are available for your surgical instrument needs.

Needle Holders

All types of needle holder sizes and shapes are available for multiple scenarios.

General Instruments

Along with many other surgical instruments, FHC carries products such as: blades, hammers, pin-wheels, and even cast spreaders for your convenience.

Radiation Accessories

Lead Apron Options:

Any of our lead aprons can be custom fitted for a either for male or female by supplying the following information:

Radiation Accessories

Lead Weight Options:

	Lead Distribution		Average Attenuation	Pb. Equiv. at 80 k Vp	Approximate Weight of Front Aprons
	Jacket & Two Piece	Front Aprons			
REGULAR LEAD	.5mm front and .25mm back	.5mm lead equivalent	98.5%	.5mm	9lbs
FEATHERWEIGHT			98.5%	.5mm	8lbs
ULTRA-LITE			98.5%	.5mm	7lbs
EARTH-LITE			98.5%	.5mm	6lbs

REGULAR LEAD:

Our most economical lead which has been reformulated to make it more flexible and to reduce the weight without sacrificing the protection.

FEATHERWEIGHT:

Our Featherweight lead is approximately 15% lighter and more flexible than our regular lead but provides the same protection up to 100kVp.

ULTRA-LITE:

Unless you prefer to sacrifice protection, this is the lightest lead you can buy and still meet the standards of protection. Our Ultra-Lite aprons are approximately 10% lighter than our Featherweight aprons.

EARTH-LITE:

Protection without lead so it is environmentally safe. The Earth-Lite apron is the lightest apron available and meets the standards of protection.

WARRANTY

The manufacturer warrants all LEAD PRODUCTS to be free of defects in workmanship and materials for a period of one year. Seller's obligation is hereby limited exclusively to repair and replacement of any defective products. Seller hereby DISCLAIMS all other warranties, either expressed or implied including any implied warranty of MERCHANTABILITY. There are no warranties which extend beyond the description on the face herein.

DISPOSAL

Any apron manufactured by Pulse Medical will be disposed of by Pulse Medical at no charge for our valuable customers. To dispose any other lead, please contact the original manufacturer.

Radiation Accessories

Full Protection Aprons:

THE TWO PIECE APRON

When full protection becomes important, the **TWO PIECE** should be your choice. Two pieces add to your comfort through more efficient distribution of weight. Each front vest panel is .5mm Pb. equiv. The vest comes with shoulder pads, pocket, and embroidery. The skirt has hanging loops as well as attached belt to tighten the waist. For a smaller waist, we can sew elastic in the back of the skirt.

Part #		Part #
(Male)		(Female)

Full Protection Aprons:

THE MATERNITY JACKET APRON

The front of the **MATERNITY JACKET** apron (.5mm Pb equiv.) is tapered for maximum adjustability as needed. We can include a specially designed half-apron to be worn under the full apron for double protection in the abdomen-pelvic cavity (1.0mm Pb total equivalence). The lead used is the lightest currently available. Also available in front protection only.

Part #

MJMA (Medium: max waist 56")

LJMA (Large: max waist 60")

THE PONCHO APRON

The **PONCHO APRON** is an economical solution to the need for wrap-around protection. The one-sided Velcro closure allows greater flexibility in sizing. Front protection is .5mm Pb and the back is .25mm Pb equivalence. Sizing is unisex.

FHC Apron Recovery:

We can recover any apron into practically any style and make it look like new. The customer assumes responsibility for checking the apron for holes prior to sending it to us. We will visually examine all lead and patch small up to 2 pin holes marked by the customer. Most aprons will be recovered with shoulder pads, and an embroidered pocket.

Recoveries are either:

- As is: same style, just replacing fabric and binding,
or
- Alteration required: tell us what to change (style or size) and we'll try to make it possible for you.
